6. TROUBLESHOOTING

If you encounter any issues with your nightstand, refer to the following common solutions:

- **Drawer Sticking:** If the drawer does not slide smoothly, check that the drawer slides are correctly installed and aligned. Ensure no debris is obstructing the tracks. A small amount of silicone lubricant can be applied to the slides if needed.
- **Wobbling:** If the nightstand wobbles, check that all legs are evenly placed on the floor and that all assembly screws are fully tightened. Adjust the position on an even surface.
