## CUBIMANA SC9953

# CUBIMANA SC9953 Flower Bouquet Building Set with LED Light Instruction Manual

Model: SC9953 | Brand: CUBIMANA

## 1. INTRODUCTION AND OVERVIEW

---

This manual provides detailed instructions for assembling and operating your CUBIMANA Flower Bouquet Building Set, model SC9953. This set allows you to construct a vibrant bouquet of yellow, orange, and red roses, complete with delicate palm leaves, lavender, baby's breath, and daisies, housed in a decorative vase. The set also includes an LED light strip to illuminate your creation. Please note that this set utilizes 3.6mm mini building bricks, which are smaller than standard-sized bricks.

## 2. SAFETY INFORMATION

**WARNING: Choking Hazard - Small Parts.** This product contains small parts and is not intended for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger builders. Keep all unbuilt parts and packaging away from small children.

## 3. SETUP AND ASSEMBLY

The CUBIMANA Flower Bouquet Building Set (SC9953) consists of 837 mini building bricks. Follow the step-by-step instructions provided in the included instruction booklet for proper assembly.

- 1. Unpack and Sort:** Carefully open all numbered bags containing the building bricks. It is recommended to sort the bricks by color and type to facilitate the building process.
- 2. Follow the Instruction Booklet:** The manual provides clear, visual instructions for each step. Pay close attention to the number of studs and the orientation of each brick. Due to the smaller size of these mini blocks (3.6mm), precision is key.
- 3. Vase Assembly:** Begin by constructing the vase according to the instructions. The vase features intricate

patterns and provides the base for your bouquet.

4. **Flower Assembly:** Proceed to build each individual flower and foliage element. The set includes various types of roses (yellow, orange, red), baby's breath, and eucalyptus leaves.
5. **Arrangement:** Once all elements are built, arrange them within the assembled vase to create your desired bouquet display.

## 4. OPERATING THE LED LIGHT

The set includes a soft LED light strip to enhance the visual appeal of your flower bouquet.

1. **Installation:** Gently wrap the LED light strip around the stems of the assembled flowers within the vase. Ensure the battery pack (if separate) is placed discreetly and securely.
2. **Power On/Off:** Locate the switch on the LED light's battery pack. Flip the switch to the 'ON' position to illuminate the bouquet. Flip it to 'OFF' when not in use to conserve battery life.
3. **Battery Replacement:** If the lights dim or stop working, replace the batteries in the battery pack. Refer to the LED light's specific instructions for battery type and replacement procedure.

## 5. MAINTENANCE

---

To keep your CUBIMANA Flower Bouquet looking its best:

- **Cleaning:** Dust the assembled model regularly with a soft, dry cloth or a soft brush. For more thorough cleaning, gently wipe with a damp cloth and allow to air dry completely. Avoid harsh chemicals or abrasive materials.
- **Storage:** If disassembling for storage, keep all bricks in a secure container to prevent loss of small parts.
- **Environmental Conditions:** Avoid prolonged exposure to direct sunlight or extreme temperatures, which may cause discoloration or warping of the plastic bricks.

## 6. TROUBLESHOOTING

---

If you encounter issues during assembly or use, consider the following:

- **Missing Pieces:** While rare, if you believe a piece is missing, double-check all packaging and sorting areas. If still missing, contact CUBIMANA customer support.
- **Difficulty Connecting Bricks:** Ensure bricks are correctly aligned and apply firm, even pressure. The mini

blocks require precise placement.

- **Unstable Structure:** Review the previous steps in the instruction manual to ensure all connections are secure and correctly placed. Small errors can affect overall stability.
- **LED Lights Not Working:** Check that the switch is in the 'ON' position and that the batteries are correctly installed and not depleted. Replace batteries if necessary.

## 7. SPECIFICATIONS

Feature	Detail
Product Dimensions	1 x 0.5 x 0.5 inches (assembled, approximate)
Item Weight	8 ounces
Item Model Number	SC9953
Manufacturer Recommended Age	6 years and up
Manufacturer	CUBIMANA
