4. SETUP AND INSTALLATION

Follow these steps to properly install your Airizin Grill Cover:

1. Ensure your Blackstone Bronco 28" XL Combo Griddle is completely cool and clean before covering.
2. Carefully drape the cover over the top of the griddle, aligning the sides and corners.
3. Pull the cover down evenly on all sides until it fully covers the griddle.
4. Secure the cover using the integrated Velcro straps on the sides. Fasten them tightly to prevent the cover from being lifted by wind.
5. Utilize the buckle straps located at the bottom of the cover. Connect and adjust them for an even more secure fit, especially in high-wind conditions.
6. Ensure the vented mesh side panel is not obstructed to allow for proper airflow.

5. CARE AND MAINTENANCE

Proper care will extend the life of your grill cover:

- **Cleaning:** To clean the cover, simply wipe it down with a damp cloth and mild detergent. Rinse thoroughly with water and allow it to air dry completely before storing or reapplying. Do not machine wash or tumble dry.
- **Storage:** When not in use for extended periods, store the cover in a cool, dry place to prevent mildew and prolong its lifespan.
- **Inspection:** Periodically inspect the cover for any signs of wear, tears, or damage. Promptly address any issues to maintain optimal protection.
- **Ventilation:** Ensure the mesh vents remain clear of debris to allow for continuous airflow, which helps prevent moisture buildup under the cover.

6. IMPORTANT SAFETY INFORMATION

- Always ensure the griddle is completely cool before placing the cover on it to prevent damage to the cover and potential fire hazards.
- Keep the cover away from heat sources and open flames.
- Do not use the cover while the griddle is in operation (grilling or smoking).
- Secure all straps to prevent the cover from blowing off in windy conditions, which could cause injury or damage.
