OPERATING INSTRUCTIONS

Immersive 7 Inch IPS Touchscreen

The vivid HD display offers multi-angle adjustment for comfortable viewing. The capacitive touchscreen is responsive and allows for smooth navigation through menus and applications.

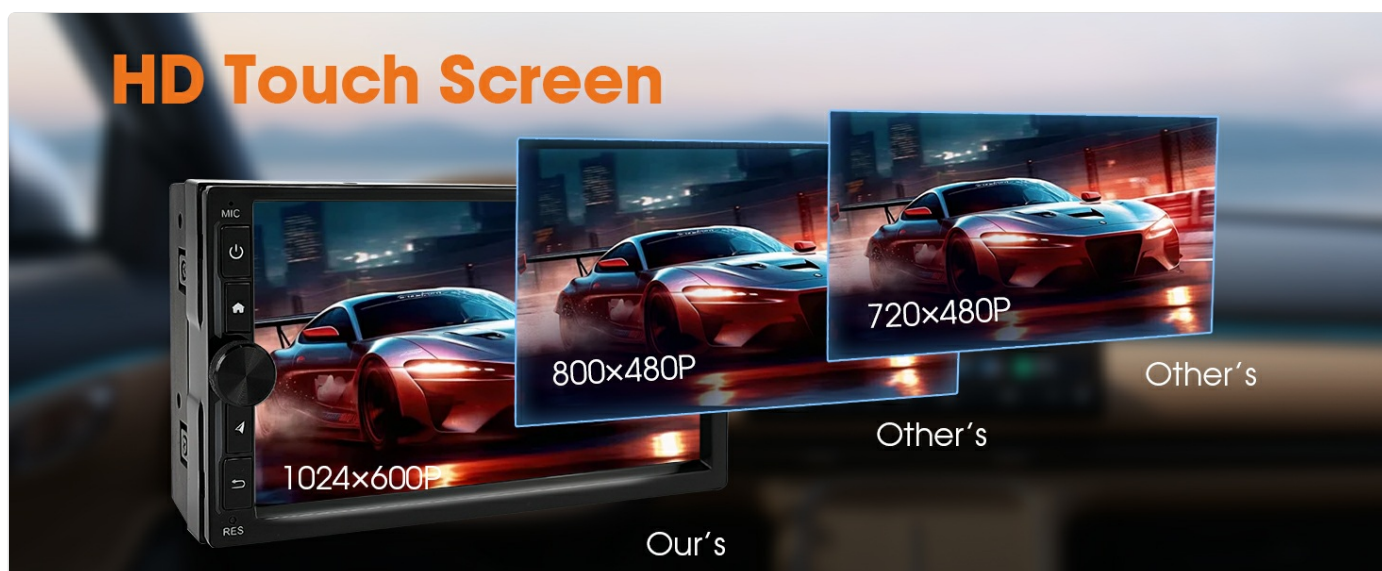

Figure 5: Comparison of HD Touch Screen resolutions, highlighting the 1024x600 resolution of the Haudio stereo.

Wireless CarPlay and Android Auto with Voice Control

Choose between wired or wireless CarPlay and Android Auto. Enjoy voice control through Apple Siri or Google Assistant for calls, in-dash navigation, and music, enhancing safety and convenience during your drive.

Figure 6: The stereo supports Wireless CarPlay and Android Auto, enriching your driving experience with seamless smartphone integration.

Bluetooth and AM/FM

The double din car radio features Bluetooth hands-free function for safe calling. The built-in smart chip enables listening to various FM radio stations for traffic messages, weather forecasts, and news. You can save preferred stations, time, date, and other personal settings.

Mirror Link Function

Wireless MirrorLink connects iOS/Android devices, allowing you to display your phone's screen directly on the car stereo, turning your car into an entertainment hub.

Mirror Link Function

map functions such as phone map music
in the mobilephone to the navigation

Figure 8: The Mirror Link function allows mirroring of phone content, such as maps and music, to the navigation screen.

Multi-transmission Sound

Utilize Bluetooth to transmit audio wirelessly to the car stereo speakers. The FM function can accurately play music or navigation sounds from your mobile phone through the car radio. An AUX interface is also provided for connecting other audio devices.

4 Ways of Audio Option

Figure 9: The stereo offers four audio options: Wireless CarPlay, Android Auto, FM & AM Reception, and AUX In.
