ELEMARA 24V 2-Seater Ride-On Car

ELEMARA 24V 2-Seater Ride-On Car Instruction Manual

Model: 24V 2-Seater Ride-On Car

Brand: ELEMARA

IMPORTANT SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not suitable for children under 37 months. The product contains small parts; keep children away during assembly.

- Always supervise children when operating the ride-on car.
- Ensure all assembly steps are completed correctly before use.
- Do not exceed the maximum weight capacity of 140 lbs (63.5 kg).
- Recommended for ages 3 years and up.
- Operate the vehicle on flat, dry surfaces away from traffic, swimming pools, or steep inclines.
- Always wear appropriate safety gear, such as a helmet.
- The remote control allows parental override for safety.

PRODUCT OVERVIEW

The ELEMARA 24V 2-Seater Ride-On Car is designed for children aged 3 and up, offering an engaging driving experience. This electric vehicle features a 2-seater design, a 24V 10AH battery, and a 4x45W motor for robust performance. It includes both child-operated and parental remote control modes, along with integrated music and LED lights.

Image 1: The ELEMARA 24V 2-Seater Ride-On Car, shown in blue, featuring its robust design, two seats, and an included remote control for parental supervision.

Key Features:

- **Wider 2-Seater Design:** Accommodates two children with a 20-inch seating area, supporting up to 140 lbs.
- **Powerful 24V 10AH Battery:** Provides extended play time, approximately 90 minutes on a full charge. Features a low battery voice prompt.
- **Dual Operating Modes:** Children can drive themselves (3.7/4.5 MPH), or parents can control via remote (3.1/3.7/4.5 MPH).
- **Sturdy Metal Structure:** Robust metal body and bottom with dual large springs for cushioning.
- **Entertainment Features:** Built-in radio, MP3 player, USB connectivity, and Bluetooth (search for "YX") for music, along with LED lights.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- ELEMARA 24V 2-Seater Ride-On Car (Main Unit) x 1
- Instruction Manual x 1

- Remote Control x 1
- Charger x 1 (not explicitly listed but implied for a battery-powered toy)
- Assembly Hardware (screws, washers, etc.)

SETUP AND ASSEMBLY

Detailed assembly instructions are provided in the included printed manual. Please follow each step carefully to ensure safe and correct operation of the vehicle.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out.
2. **Attach Wheels:** Securely attach all four wheels according to the manual's diagrams.
3. **Install Steering Wheel:** Connect the steering wheel and ensure it is firmly in place.
4. **Connect Battery:** Connect the battery terminals as instructed. Ensure proper polarity.
5. **Install Seats:** Secure the two seats into their designated positions.
6. **Final Checks:** Before first use, inspect all connections, screws, and moving parts to ensure they are secure.

Refer to the physical instruction manual for detailed diagrams and specific assembly steps.

OPERATING INSTRUCTIONS

Child-Operated Mode:

- **Power On:** Press the power button to turn on the vehicle.
- **Start Driving:** Use the foot pedal to accelerate and the steering wheel to steer.
- **Speed Selection:** The vehicle offers speeds of 3.7 MPH and 4.5 MPH. Refer to the dashboard controls for speed adjustment.

Parental Remote Control Mode:

- **Pairing:** To pair the remote, press and hold the 'M' button on the remote control until the indicator light flashes or a confirmation sound is heard from the vehicle.
- **Control:** Use the remote to control forward/backward movement and left/right steering.
- **Speed Adjustment:** The remote allows speed adjustment to 3.1 MPH, 3.7 MPH, or 4.5 MPH.
- **Emergency Stop:** The remote control features an emergency stop function for immediate vehicle halt.

Music and Lights:

- **Built-in Features:** Utilize the built-in radio and MP3 player for entertainment.
- **USB Connectivity:** Insert a USB drive into the designated port to play audio files.
- **Bluetooth Connection:** Search for "YX" on your Bluetooth device to connect and stream music.
- **LED Lights:** Activate the LED lights for enhanced visibility and aesthetic appeal.

CHARGING THE BATTERY

- Locate the charging port on the vehicle.
- Ensure the vehicle is turned off before charging.
- Connect the charger to the charging port and then plug it into a standard wall outlet.

- A full charge typically takes approximately 8-12 hours. Do not overcharge.
- The vehicle will provide a voice prompt when the battery is low.

MAINTENANCE

- **Cleaning:** Wipe the vehicle with a damp cloth. Do not use harsh chemicals or abrasive cleaners. Avoid direct water spray.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight when not in use.
- **Battery Care:** Charge the battery fully before storing for extended periods. Recharge every 30 days to maintain battery health.
- **Inspection:** Regularly check all screws, nuts, and connections to ensure they are tight and secure.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not move.	Battery is low or disconnected. Power switch is off. Overload protection activated.	Charge the battery. Check battery connections. Turn on the power switch. Reduce load or wait for reset.
Remote control not working.	Remote not paired. Remote batteries are dead.	Re-pair the remote control (refer to Operating Instructions). Replace remote batteries.
Vehicle moves slowly.	Low battery. Overloaded. Operating on an unsuitable surface.	Charge the battery. Reduce weight. Operate on flat, hard surfaces.
Music/Lights not working.	Feature not activated. Connection issue (USB/Bluetooth).	Ensure features are turned on. Check USB connection or re-pair Bluetooth.
