Goblazer F50

Goblazer F50 Cat Tower Instruction Manual

Model: F50

INTRODUCTION

Thank you for choosing the Goblazer F50 Cat Tower. This multi-level cat tree is designed to provide a comfortable, engaging, and secure environment for adult indoor cats. Featuring extra-large padded platforms, sisal scratching boards, and spacious condos, it offers various activity options for your feline companions.

Important Safety Information:

- Ensure all components are securely fastened during assembly and regularly check for tightness.
- Place the cat tower on a flat, stable surface to prevent tipping.
- Keep small children away from the assembly area.
- This product is intended for indoor use only.
- Do not allow cats to chew or ingest any parts of the tower.

SETUP AND ASSEMBLY

Follow these steps to assemble your Goblazer F50 Cat Tower. A detailed assembly video is provided below for visual guidance.

Components Overview:

Refer to the assembly video for a visual breakdown of all parts (labeled A, B, C, D, E, F, G, H, I, K for platforms/components and P1-P7 for posts, W1-W9 for hardware).

Step-by-Step Assembly:

1. Begin by attaching the base plate (A) to the initial posts (P1) using the provided screws.
2. Secure the sisal scratching board (C) to its designated platform (B) using the specified hardware (W1, W5).
3. Attach the posts (P2, P3) to the platform (B) and then connect platform (D) to the top of these posts.
4. Assemble the first cat condo (E) by securing its panels together with screws (P7).
5. Attach the second cat condo (F) to the first, ensuring stability.
6. Connect the assembled condo structure to the main tower base using the designated attachment points (G, W1, W6).

7. Install the upper platform (H) and the extra-large padded perch (I) to the top posts (P6).
8. Finally, attach the interactive cat wand (K) to the top perch.

OPERATING AND FEATURES

The Globlazer F50 Cat Tower offers multiple features designed for your cat's comfort and entertainment.

Extra-Large Padded Platform:

The oversized top perch provides a plush, comfortable spot for your cat to rest, observe its surroundings, or nap. The removable cover allows for easy cleaning.

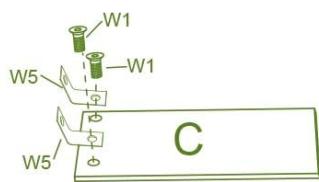

Image: A close-up of the extra-large cushioned top perch, showing its generous dimensions (11.8" x 19.6") and plush surface, suitable for cats of various sizes.

Dual-Layer Cat Condos:

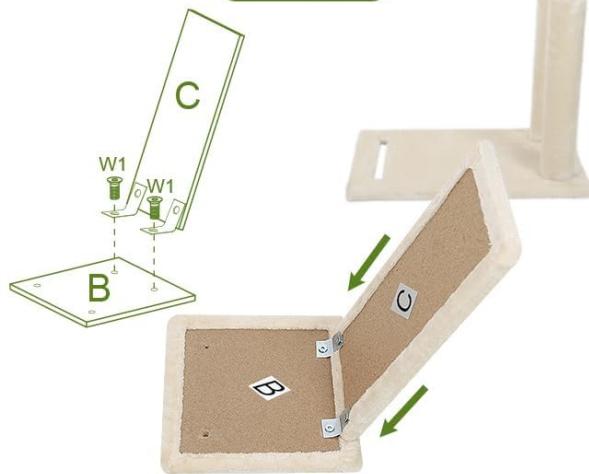

Two spacious condos offer private, enclosed spaces for your cats to hide, sleep, or feel secure. The bottom condo is particularly large, accommodating bigger cats comfortably.

Sisal Scratching Board and Posts:

The widened sisal scratching board and sisal-wrapped posts provide ample opportunities for your cats to satisfy their natural scratching instincts, helping to protect your furniture.

Rotating Base:

The unique rotating base allows you to adjust the configuration of the cat tower, providing flexibility to fit different spaces and offering new exploration angles for your cats.

MAINTENANCE

- **Cleaning:** Clean the cat tower with a dry or damp cloth. Avoid harsh chemicals.
- **Location:** Keep the cat tower indoors to protect it from weather elements and prolong its lifespan.
- **Screw Firmness:** Check the firmness of all screws at least once a month to ensure the tower remains stable and safe for your cats.

TROUBLESHOOTING

If you encounter any issues with your Globlazer F50 Cat Tower, refer to the following common solutions:

- **Wobbling:** If the tower feels unstable, ensure it is placed on a flat, even surface. Re-tighten all screws, especially those connecting the base and main posts. The included anti-tip kit (W9) can be used to secure the tower to a wall for added stability, particularly for active or larger cats.
- **Cats not using scratching areas:** Encourage use by sprinkling catnip on the sisal surfaces or gently guiding your cat's paws to the scratching areas.
- **Dangling toy detached:** Reattach the dangling toy securely. If it is damaged, consider replacing it with a similar cat-safe toy.
