2. SAFETY INFORMATION

- **Adult Assembly Required:** This product requires adult assembly. Keep small parts away from children during assembly.
- **Pet Use Only:** This catio is designed exclusively for cats. Do not use it for other animals or purposes.
- **Weight Limit:** Each platform within the catio can support up to 44 lbs (20 kg). Do not exceed this weight limit.
- **Stable Placement:** Ensure the catio is placed on a flat, stable surface to prevent tipping. Secure it if necessary, especially in windy conditions.
- **Regular Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight and secure. Inspect the wire mesh for any damage.
- **Ventilation:** While designed for outdoor use, ensure adequate ventilation and shade to prevent overheating, especially during hot weather.
- **Weather Protection:** The PVC sunshine roof offers protection from light rain and sun. For severe weather, consider additional protection or moving the catio to a sheltered area.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

4. SETUP & ASSEMBLY

Follow these step-by-step instructions for assembling your COZIOWOW Outdoor Cat Catio. It is recommended to have two people for assembly.

1. **Prepare the Area:** Choose a flat, level surface for assembly. Ensure you have enough space to work around the catio components.
2. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the parts list in your manual to identify each piece.
3. **Assemble the Base Frame:** Connect the base wooden frame pieces using the provided hardware. Ensure all connections are secure.
4. **Attach Side Panels:** Securely attach the side wooden frame and wire mesh panels to the base. Pay attention to the orientation of panels with door openings.
5. **Install Jumping Platforms:** Mount the two jumping platforms at the desired heights using the designated attachment points and hardware. Ensure they are level and stable.
6. **Attach Hammock:** Secure the hammock to the upper frame using its straps or hooks.
7. **Install Roof:** Place the PVC sunshine roof panel on top of the structure and secure it according to the

instructions.

8. **Attach Doors and Latches:** Install the doors and ensure the latches operate smoothly and securely.
9. **Final Check:** Once assembled, gently shake the catio to ensure stability. Double-check all screws and connections for tightness.

5. OPERATING INSTRUCTIONS

The COZIWOW Cat Catio is designed to provide a versatile and enjoyable space for your cats.

5.1. Utilizing the Multi-Level Design

Your catio features two jumping platforms and a hammock, creating a dynamic environment for play and rest. Cats can climb, perch, and relax on different levels, satisfying their natural instincts.

SPACIOUS LIVING&PLAY AREA

5.2. Window Access

The catio includes an integrated window-attach entrance, allowing your cats to move freely between your home and the enclosure. This feature promotes easy interaction and provides your pets with more freedom.

5.3. All-Weather Sunshine Board

The PVC sunshine roof provides shelter from light rain and allows sunlight to filter through, creating a warm and comfortable spot for your cat to bask. This feature ensures your cat can enjoy the outdoors in various weather conditions.

6. MAINTENANCE

Proper maintenance will extend the life of your COZIOWOW Cat Catio and ensure a safe environment for your pets.

6.1. Cleaning

- **Regular Cleaning:** Clean the platforms and interior surfaces regularly with a pet-safe cleaner.
- **Hammock Care:** The hammock can be removed and machine washed according to its care label.
- **Wire Mesh:** Wipe down the galvanized wire mesh to remove any dirt or debris.

6.2. Material Care

The catio is constructed from premium pinewood and features an environmental-friendly spray paint finish, making it weather-resistant.

WORKS IN ALL WEATHER

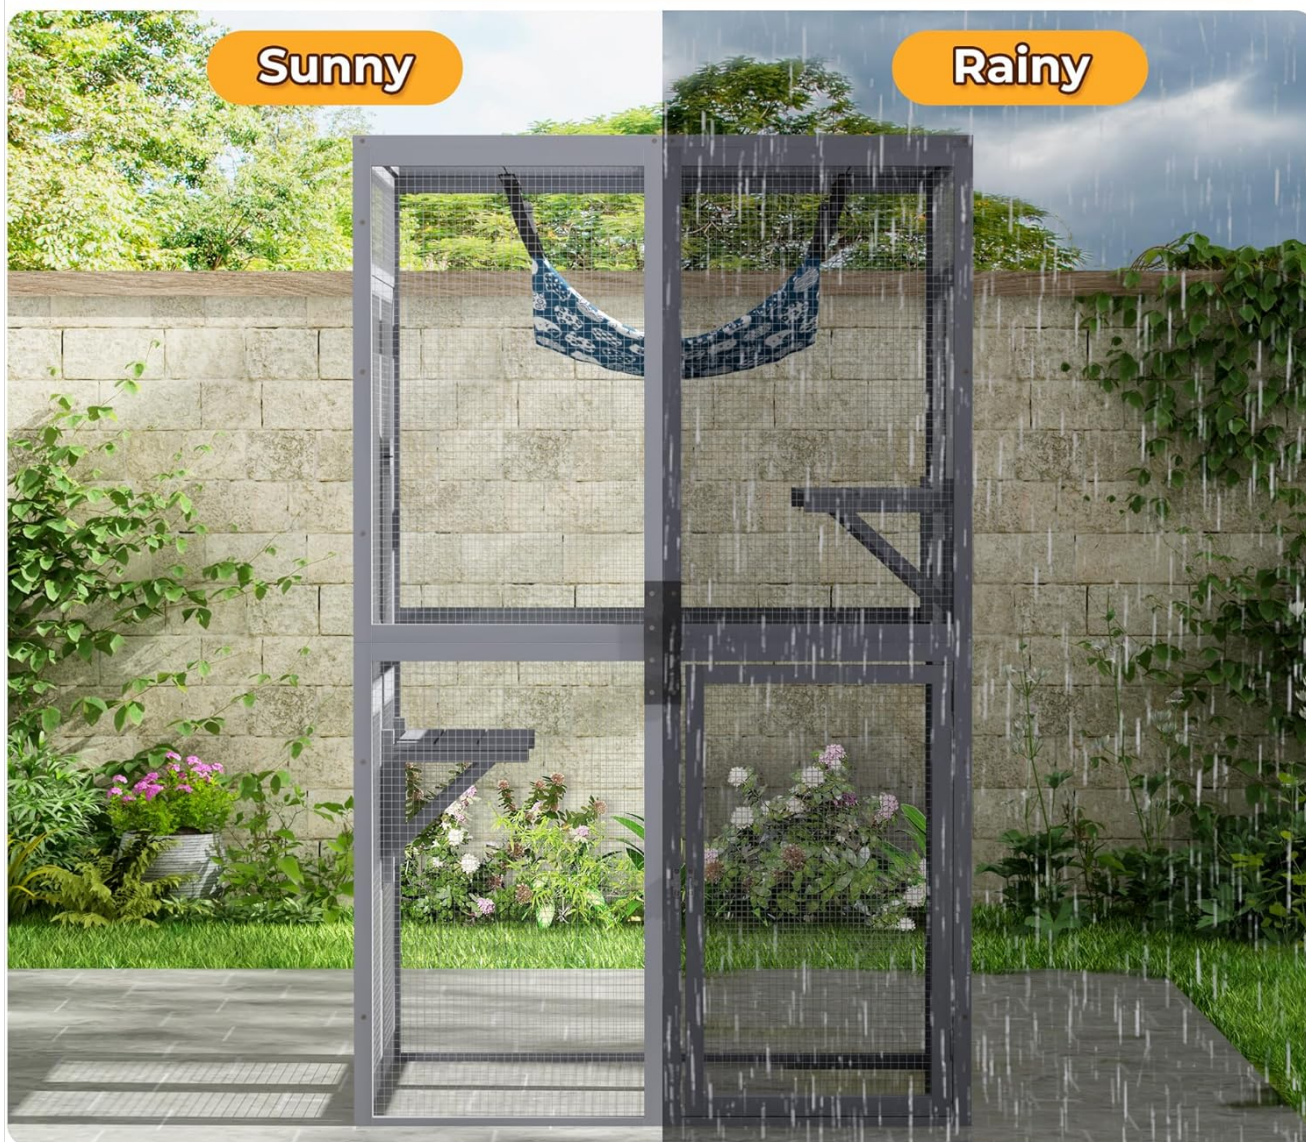

Image 6.2: The catio is designed to withstand various weather conditions.

To maintain the wood's integrity:

- **Inspect Wood:** Periodically check the wooden components for any signs of wear, cracking, or damage.
- **Re-seal (Optional):** Depending on your climate, you may consider applying a pet-safe, non-toxic wood sealant annually to further protect the wood from the elements.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your catio.

Problem	Possible Cause	Solution
Catio feels wobbly or unstable.	Loose connections; uneven ground.	Ensure all screws and bolts are tightened. Place the catio on a completely flat and level surface. Consider anchoring it to the ground for added stability.

Problem	Possible Cause	Solution
Difficulty during assembly.	Misaligned parts; incorrect hardware; pre-drilling required.	Carefully review the assembly instructions and diagrams. Ensure parts are oriented correctly. Some components may require pre-drilling pilot holes for screws to prevent wood splitting and ease insertion. Do not force screws.
Cats not using the catio.	Unfamiliarity; lack of comfort items.	Introduce your cat to the catio gradually. Place familiar blankets, toys, or treats inside. Ensure there is easy access and a comfortable resting spot (like the hammock).
Water accumulation inside.	Heavy rain; improper roof installation.	While the roof offers protection, heavy rain may cause some moisture. Ensure the roof is installed correctly and consider additional waterproofing measures or moving the catio to a more sheltered location during severe weather.
