## 1. PRODUCT OVERVIEW

The VGR 995 Electric Trimmer is a precision grooming tool designed for both discerning individuals and professional barbers. It features a T-blade for zero-gap cutting, ensuring perfect finishes for beards, mustaches, necklines, and contours. With its dual-speed control and long-lasting battery, it offers versatility and convenience for daily use or travel. This compact and quiet trimmer comes with a complete set of accessories, making it an ideal grooming solution.

### Key Features

- **Professional Zero-Gap Cutting:** Equipped with a precision T-blade for sharp contours, precise lines, and neat finishes.
- **Dual-Speed Control:** Adapts to all hair types with two adjustable speeds. White light indicates standard speed/charging, green light indicates turbo mode/full battery.
- **Powerful Lithium Battery:** 2000mAh battery provides up to 300 minutes of cordless runtime after only 3 hours of USB-C charging.
- **Compact and Quiet Design:** Lightweight and discreet, ideal for travel and use in shared spaces due to its silent motor.
- **Durable Blades:** Features DLC coating and ceramic blades for enhanced durability and low heat, preventing hair snagging.

## 2. SETUP AND INITIAL USE

### 2.1 What's in the Box

Before first use, please ensure all components are present:

- 1 x VGR 995 Hair Clipper
- 1 x T-blade guard
- 4 x Guide Combs (1.5mm, 3mm, 4.5mm, 6mm)
- 1 x Cleaning Brush
- 1 x Lubricating Oil Bottle
- 1 x USB-C Charging Cable

## 2.2 Charging the Trimmer

For optimal performance, fully charge the trimmer before its first use.

1. Connect the USB-C charging cable to the trimmer's charging port.
2. Plug the other end of the USB-C cable into a compatible USB power adapter (not included) or a USB port on a computer.
3. The indicator light will illuminate white during charging.
4. A full charge takes approximately 3 hours. The indicator light will turn green when fully charged.

A full charge provides up to 300 minutes of cordless operation.

### 2.3 Attaching Guide Combs

Select the desired guide comb (1.5mm, 3mm, 4.5mm, or 6mm) for your preferred cutting length.

1. Ensure the trimmer is turned off.
2. Align the guide comb with the trimmer blade and push it firmly until it clicks into place.
3. To remove, gently pull the comb away from the blade.

### 3.2 Trimming Techniques

The VGR 995 is versatile for various grooming needs:

- **Hair Trimming:** For general hair cutting, attach the appropriate guide comb. Move the trimmer against the direction of hair growth.
- **Beard and Mustache Trimming:** Use guide combs for desired length or the bare blade for precise shaping and detailing.
- **Necklines and Edging:** Use the bare T-blade for sharp, clean lines around the neck, ears, and beard contours.
- **Body Grooming:** The trimmer can also be used for body hair trimming, offering a complete styling solution.

Always ensure the skin is clean and dry before trimming. For best results, stretch the skin taut in the area being trimmed.

## 4. MAINTENANCE AND CARE

### 4.1 Cleaning the Trimmer

Regular cleaning ensures optimal performance and extends the life of your trimmer.

1. Turn off the trimmer and disconnect it from the power source.
2. Remove any attached guide comb.
3. Use the provided cleaning brush to remove loose hairs from the blade and trimmer body.
4. For a more thorough clean, the blade can be carefully detached (refer to specific instructions if provided in packaging, otherwise proceed with caution).
5. Wipe the trimmer body with a dry cloth. Do not rinse the trimmer under water unless explicitly stated as waterproof.

### 4.2 Lubricating the Blades

To maintain cutting efficiency and prevent blade wear, lubricate the blades regularly.

1. After cleaning, apply 1-2 drops of the provided lubricating oil onto the blades.
2. Turn on the trimmer for a few seconds to allow the oil to distribute evenly.
3. Wipe off any excess oil with a clean cloth.

## 4.3 Storage

Store the trimmer in a cool, dry place, away from direct sunlight and moisture. Keep the blade guard on when not in use to protect the blades.

## 5. TROUBLESHOOTING

If you encounter issues with your VGR 995 trimmer, please refer to the following common solutions:

| Problem                               | Possible Cause                      | Solution   |
|---------------------------------------|-------------------------------------|--|
| Trimmer does not turn on.             | Battery is depleted.                | Charge the trimmer for at least 3 hours.                                       |
| Trimmer pulls hair or cuts poorly.    | Blades are dirty or not lubricated. | Clean the blades and apply lubricating oil.                                    |
| Trimmer is unusually noisy.           | Blades require lubrication.         | Apply lubricating oil to the blades.   |
| Charging indicator light not working. | Cable or power source issue.        | Ensure USB-C cable is properly connected and try a different USB power source. |

If the problem persists after trying these solutions, please contact VGR customer support for further assistance.
