SAFETY INFORMATION

- Ensure all components are securely assembled before use. Regularly check and tighten any loose fasteners.
- Do not exceed the weight capacity of the chairs or table. While robust, overloading can cause damage or injury.
- Place the set on a flat, stable surface to prevent tipping.
- Keep children and pets away from the assembly area during setup.
- Avoid placing hot items directly on the table surface without protection.
- In strong winds, consider securing or storing the furniture to prevent it from being blown over.

SETUP (ASSEMBLY)

The Cattino Bistro Set is designed for straightforward assembly. Please follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches. Verify all listed components are present.
2. **Assemble the Table:**
 - Attach the table legs to the tabletop using the provided hardware. Ensure all bolts are finger-tightened first.

OPERATING (USAGE)

Your Cattino Bistro Set is designed for versatile outdoor use:

- **Placement:** Position the set on a level, solid surface in your desired outdoor area, such as a patio, balcony, or garden nook.
- **Weather Resistance:** The powder-coated cast iron construction provides weather and rust resistance, making it suitable for year-round outdoor exposure. However, prolonged exposure to extreme weather conditions may accelerate wear.

- **Space-Saving Design:** The chairs are designed to be stackable, allowing for compact storage when not in use or during off-season periods. Simply lift and stack the chairs one on top of the other.
- **General Use:** Ideal for enjoying meals, coffee, or conversations outdoors.

MAINTENANCE

Proper maintenance will extend the life and appearance of your bistro set:

- **Cleaning:** Wipe down the furniture regularly with a soft cloth dampened with mild soap and water. Rinse thoroughly with clean water and dry completely to prevent water spots or rust.
- **Rust Prevention:** Although the set is rust-resistant, inspect it periodically for any chips or scratches in the powder coating. Touch up any damaged areas with rust-inhibiting paint to prevent rust formation.
- **Winter Storage:** In areas with harsh winters, it is recommended to store the furniture indoors or cover it with a waterproof outdoor furniture cover to protect it from extreme cold, snow, and ice.

- **Fastener Check:** Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary.
