kejector 8X6 ft

Kejector 8x6 FT Metal Outdoor Storage Shed

Instruction Manual

1. Introduction

Thank you for choosing the Kejector 8x6 FT Metal Outdoor Storage Shed. This manual provides detailed instructions for the safe assembly, operation, and maintenance of your new storage shed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.
This versatile shed is designed to provide a durable and organized solution for storing tools, garden equipment, pet supplies, or waste bins, helping you maintain a tidy outdoor space.

2. Safety Information

- **Two-Person Assembly:** Assembly requires at least two people for safety and ease of installation.
- **Wear Protective Gear:** Always wear gloves and eye protection during assembly to prevent injuries from sharp edges or falling objects.
- **Stable Foundation:** Ensure the shed is assembled on a level and stable foundation. The included metal foundation frame provides a base, but a concrete slab or treated timber base is recommended for optimal stability.
- **Secure Fasteners:** Ensure all screws, bolts, and nuts are tightened securely during assembly to maintain structural integrity.
- **Weather Conditions:** Avoid assembly during strong winds, heavy rain, or other adverse weather conditions.
- **Children and Pets:** Keep children and pets away from the assembly area to prevent accidents.
- **Ventilation:** The shed features built-in ventilation to prevent condensation. Do not obstruct these vents.

3. Included Accessories

Your Kejector 8x6 FT Metal Outdoor Storage Shed comes with the following accessories to assist with organization and security:

- Tool shelf × 2
- Padlock × 1
- Tool hook × 2

- Gloves × 2
- Internal anchors × 4

4. Assembly Instructions

The Kejector 8x6 FT Metal Outdoor Storage Shed is designed for straightforward assembly. Follow these steps carefully. It is recommended to have at least two people for installation.

4.1. Prepare the Foundation

Ensure your chosen site is level and clear of debris. The shed includes a metal floor frame for a basic foundation. For enhanced stability and longevity, consider installing the shed on a concrete slab or a treated timber base.

Figure 4.1: The separate metal foundation frame, crucial for structural integrity.

4.2. Wall Panel Assembly

Assemble the wall panels according to the diagrams. Ensure panels are correctly oriented and securely fastened to the base frame. The panels are made of galvanized steel with a rust-resistant coating.

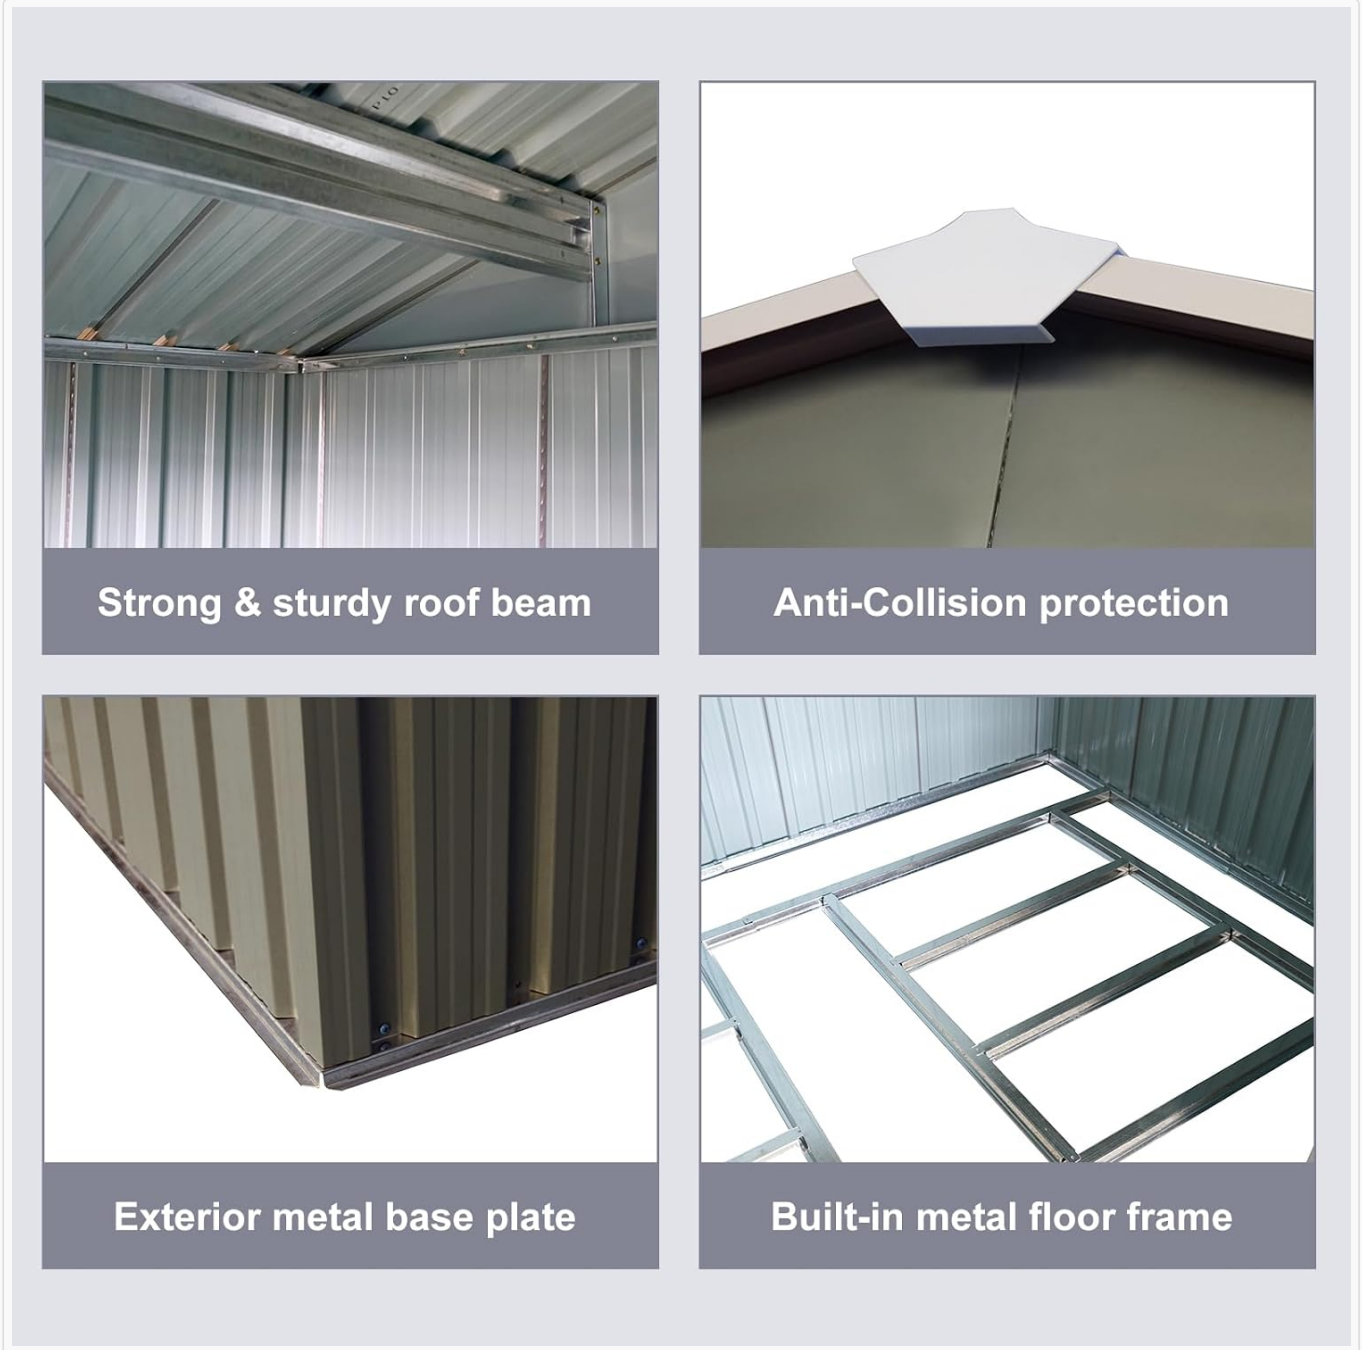

Figure 4.2: Details of the shed's construction, including the sturdy roof beam and anti-collision protection.

4.3. Roof Assembly

Install the roof panels, ensuring they overlap correctly to prevent water ingress. The sloped roof design is specifically engineered to prevent rainwater accumulation.

Figure 4.3: The shed's waterproof and UV protection, featuring a sloped roof for drainage.

4.4. Door Installation

Attach the sliding doors to the designated tracks. Ensure smooth operation and proper alignment. The doors are lockable for security.

assembly flow.

5. Operating Instructions

The Kejector storage shed is designed for simple and secure operation.

- **Sliding Doors:** The shed features smooth-sliding double doors. To open, gently slide one or both doors along their tracks. To close, slide them back until they meet in the center.
- **Lockable Doors:** Use the provided padlock to secure the doors when the shed is not in use. This helps protect your stored items from theft and prevents unauthorized access.
- **Ventilation:** The built-in ventilation system ensures air circulation, reducing condensation and maintaining a suitable environment for your stored items. Do not block the ventilation openings.

Figure 5.1: The Kejector shed offers versatile storage solutions for various outdoor needs.

6. Maintenance

Regular maintenance will ensure the longevity and optimal performance of your Kejector storage shed.

- **Cleaning:** Clean the exterior of the shed periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the rust-resistant coating.
- **Check Fasteners:** Annually, inspect all screws, bolts, and nuts to ensure they remain tight. Re-tighten any loose fasteners to maintain structural integrity.
- **Door Tracks:** Keep the door tracks clean and free of debris to ensure smooth sliding operation. Lubricate with a silicone-based spray if necessary.
- **Drainage:** Ensure the area around the shed is clear of debris to allow for proper water drainage from the sloped roof.
- **Snow Load:** In areas with heavy snowfall, regularly remove accumulated snow from the roof to prevent excessive weight and potential damage.

7. Troubleshooting

Here are some common issues and their potential solutions:

- **Doors not sliding smoothly:** Check the door tracks for debris or obstructions. Clean the tracks and apply a silicone lubricant. Ensure the shed is on a level surface; uneven ground can affect door alignment.
- **Water leakage:** Inspect all roof and wall panel overlaps to ensure they are properly sealed and fastened. Verify that the shed is on a level foundation and that water drains away from the base.
- **Shed feels unstable:** Ensure all fasteners are securely tightened. Check the ground anchors for proper installation. Verify the foundation is level and stable.

8. Specifications

Detailed specifications for the Kejector 8x6 FT Metal Outdoor Storage Shed:

Figure 8.1: Product dimensions of the Kejector 8x6 FT Metal Outdoor Storage Shed.

Feature	Specification
Brand	kejector
Model	8X6 ft
Color	Grey
Material	Metal (Galvanized Steel)
Product Dimensions (L x W x H)	88.98" x 63.78" x 74.8"
Item Weight	136.7 Pounds
Door Width	2.69 Feet
Door Height	5.05 Feet

Feature	Specification
Door Style	Sliding Doors
Water Resistance Level	Waterproof
UV Protection	Yes
Assembly Required	Yes

9. Warranty and Support

Kejector stands behind the quality of its products. For any questions regarding assembly, missing parts, or product performance, please contact our dedicated support team. Refer to your purchase documentation for specific warranty details and contact information.
