Xiaomi S200

Xiaomi Smart Scale S200 User Manual

Model: S200

INTRODUCTION

Thank you for choosing the Xiaomi Smart Scale S200. This advanced digital scale is designed to provide accurate weight measurements and comprehensive health metrics, seamlessly integrating with your smart devices. Please read this manual carefully before use to ensure proper operation and maintenance.

PRODUCT OVERVIEW

The Xiaomi Smart Scale S200 features a sleek design with tempered glass and an engineered plastic body. It measures 280 x 280 x 24.5 mm and weighs 1.2 kg. High-precision sensors ensure accurate measurements from 0.1 kg to 150 kg in 0.05 kg increments. The scale connects via Bluetooth 5.4 to the Xiaomi Home app, supporting up to 36 users.

Figure 2: Bottom view of the Xiaomi Smart Scale S200, showing the battery compartment and regulatory information.

SETUP

1. Unboxing and Battery Installation

1. Carefully remove the scale from its packaging.
2. Locate the battery compartment on the underside of the scale (refer to Figure 2).

3. Open the battery compartment cover.
4. Insert three AAA batteries, ensuring correct polarity (+/-).
5. Close the battery compartment cover securely.

2. App Installation and Pairing

1. Download the **Xiaomi Home** app from your smartphone's app store (compatible with Android 8.0 or iOS 12.0 and above).
2. Open the Xiaomi Home app and log in or create a new account.
3. Ensure your smartphone's Bluetooth is enabled.
4. Stand on the scale to activate it. The display will light up.
5. In the Xiaomi Home app, tap the '+' icon to add a new device.
6. Select the Xiaomi Smart Scale S200 from the list of available devices.
7. Follow the on-screen instructions in the app to complete the pairing process.

OPERATING INSTRUCTIONS

1. Taking a Weight Measurement

1. Place the scale on a hard, flat surface. Avoid carpets or uneven floors.
2. Step onto the scale barefoot and stand still.
3. The display will show your weight.
4. If connected to the Xiaomi Home app, your measurement will automatically sync to your profile.

2. Multi-User Support

The Xiaomi Smart Scale S200 supports up to 36 users. The app can intelligently identify different users based on their weight data. To add new users:

1. Open the Xiaomi Home app.
2. Navigate to the scale's device page.
3. Follow the app's instructions to add new family members or guests.

3. Weighing Objects

The scale features a dual-purpose design, allowing it to weigh both people and objects. To weigh an object:

1. Place the scale on a hard, flat surface.
2. Gently place the object on the center of the scale.
3. The scale will automatically detect and display the object's weight.

MAINTENANCE

1. Cleaning

- Wipe the scale surface with a soft, damp cloth.

- Do not use abrasive cleaners or immerse the scale in water.

2. Storage

- Store the scale in a cool, dry place.
- Avoid direct sunlight and extreme temperatures (operating range: 0°C to 40°C).

TROUBLESHOOTING

Problem	Possible Cause	Solution
Scale does not turn on.	Low or dead batteries. Incorrect battery installation.	Replace batteries with three new AAA batteries. Ensure correct polarity.
Inaccurate readings.	Scale on uneven surface. Scale not calibrated.	Place scale on a hard, flat surface. Step on and off the scale quickly to re-calibrate to zero before weighing.
Cannot connect to Xiaomi Home app.	Bluetooth is off. App not updated. Scale not active.	Ensure Bluetooth is enabled on your phone. Update the Xiaomi Home app. Step on the scale to activate it before attempting to pair.
App not recognizing multiple users.	User profiles not set up in the app.	Add individual user profiles within the Xiaomi Home app and ensure each user weighs themselves consistently.
