2. SETUP

2.1. What's in the Box

Upon unboxing your HONOR 400 Pro, verify that the following items are included:

- HONOR 400 Pro Smartphone (with integrated battery)
- USB Type-C Cable
- SIM Eject Tool

Note: The power adapter is sold separately and is not included in the standard package.

Image 2.1: Illustration of the items included in the product packaging.

2.2. Inserting the SIM Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM eject tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down. Ensure proper orientation. The HONOR 400 Pro supports Dual SIM functionality.

4. Carefully push the tray back into the slot until it clicks into place.

2.3. Initial Power On and Setup

1. Press and hold the Power button until the HONOR logo appears.
2. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, Google account setup, and security settings.

2.4. Charging the Device

Before first use, it is recommended to fully charge your device. Connect the USB Type-C cable to the phone's charging port and the other end to a compatible power adapter (sold separately). The device supports 100W wired SuperCharge and 50W wireless SuperCharge.

3. OPERATING YOUR HONOR 400 PRO

3.1. Display Features

The HONOR 400 Pro features a 6.7-inch AMOLED Eye Comfort display with a resolution of 2800x1280 pixels (460 PPI) and a 120Hz refresh rate. It offers an ultra-bright 5000 nit peak brightness for excellent visibility even in direct sunlight, supporting HDR Vivid and DCI-P3 wide color gamut.

- **Eye Comfort:** Features 3840Hz high-frequency PWM dimming and adaptive brightness to reduce eye strain, especially in low-light conditions.
- **HDR Vivid:** Enhances visual experience with improved contrast and color accuracy for compatible content.

Image 3.1: The HONOR 400 Pro display showcasing its vibrant colors and high brightness with a scenic view.

Image 3.2: Visual representation of the 5000 nit display brightness and fast charging capabilities.

3.2. Camera System

The HONOR 400 Pro is equipped with an advanced AI camera system designed for professional-grade photography.

- **Main Camera:** 200MP Ultra-clear AI Camera with a large 1/1.4-inch sensor, Optical Image Stabilization (OIS), and Electronic Image Stabilization (EIS).
- **Telephoto Camera:** 50MP with 3X optical zoom.
- **Ultra-wide Camera:** 12MP with a 112° field of view.
- **Selfie Camera:** 50MP with f/2.0 aperture.

AI Photography Features:

- **AI Super Zoom:** Allows for clearer magnification of distant subjects.
- **AI Portrait:** Enhances portrait shots with intelligent background blur and improved facial details.
- **AI-Enhanced Portrait:** Optimizes portraits for stunning results.
- **AI Motion Photo:** Captures a series of frames to ensure you get the best moment, with AI restoring clarity to each frame.
- **Night Mode:** Improves photo quality in low-light conditions.

Image 3.4: Demonstrations of AI-powered camera modes including vertical shots, enhanced portraits, night mode, and HD motion photos.

3.3. Performance

The HONOR 400 Pro is powered by the Snapdragon 8 Gen 3 processor, ensuring smooth and efficient performance for all tasks, from gaming to multitasking. It comes with 12GB of RAM and 512GB of internal storage.

- **Processor:** Snapdragon 8 Gen 3 for flagship-level speed and efficiency.
- **GPU Turbo X:** Enhances graphics processing for a superior gaming experience.

Image 3.5: Visual representation of the Snapdragon 8 Gen 3 processor and the GPU Turbo X gaming engine.

3.4. Battery and Charging

The device is equipped with a 5300mAh Silicon-Carbon battery, providing extended usage time. It supports both fast wired and wireless charging technologies.

- **Wired SuperCharge:** 100W, capable of reaching 51% charge in approximately 15 minutes.
- **Wireless SuperCharge:** 50W, capable of reaching 33% charge in approximately 15 minutes.

Note: SuperCharge accessories are sold separately.

Image 3.6: Visual representation of the 5300mAh Silicon-Carbon battery.

3.5. Connectivity and Other Features

- **5G Connectivity:** For high-speed mobile data.
- **Dual SIM:** Supports two SIM cards simultaneously.
- **NFC:** For contactless payments and quick pairing.
- **Wi-Fi 7 & Wi-Fi 6E:** Advanced Wi-Fi standards for faster and more reliable wireless connections.

- **Universal IR Remote Control:** Allows the phone to control various home appliances.
- **Dual Stereo Speakers:** Provides rich and immersive audio.

Image 3.7: Overview of connectivity features like Wi-Fi 7 & 6E, NFC, and dual stereo speakers, alongside other functionalities.

3.6. AI Assistant (Google Gemini)

The HONOR 400 Pro integrates with Google Gemini, offering advanced AI capabilities to enhance productivity and creativity.

- **Google Lens:** Identify objects, text, and translate languages using your camera.
- **Circle to Search:** Easily search for information by circling items on your screen.
- **Deepfake Detection:** Helps identify potentially manipulated media.
- **Magic Portal:** Intelligent content recognition and sharing.
- **Live Translation:** Real-time translation during calls or in text.
- **AI Writing Tools:** Assists with composing and refining text.

4. MAINTENANCE AND CARE

4.1. Durability and Protection

The HONOR 400 Pro is built for durability, featuring IP69 water and dust resistance, making it suitable for various environments. It also holds an SGS 5-star premium performance certification for drop and crush resistance.

Note: Water and dust resistance are not permanent and may decrease over time with normal wear and tear. Avoid intentional submersion.

4.2. General Care Tips

- Keep your device clean by wiping it with a soft, dry cloth.
- Avoid exposing the phone to extreme temperatures or direct sunlight for prolonged periods.
- Protect the screen with a screen protector and use a protective case to prevent physical damage.

4.3. Battery Longevity

The 5300mAh battery is designed to maintain 80% of its capacity for up to 4 years, ensuring long-term performance.

5. TROUBLESHOOTING

If you encounter issues with your HONOR 400 Pro, try the following common troubleshooting steps:

- **Device Unresponsive:** Press and hold the Power button for about 10 seconds to force a restart.
- **App Issues:** Close and reopen the problematic app. If the issue persists, clear the app's cache or reinstall it.
- **Network Connectivity:** Toggle Airplane Mode on and off, or restart your device. Check your SIM card insertion.
- **Battery Drain:** Check battery usage in settings to identify power-consuming apps. Adjust screen brightness and disable unnecessary features like GPS or Wi-Fi when not in use.
- **Software Glitches:** Ensure your device's software is up to date. Go to Settings > System & updates > Software update.
- **Factory Reset:** As a last resort, you can perform a factory reset. This will erase all data on your device, so ensure you back up important information first. Go to Settings > System & updates > Reset > Reset phone.

For more detailed troubleshooting or persistent issues, please refer to the official HONOR support resources.
