11. TROUBLESHOOTING

If you encounter issues with your OYIB S75 earbuds, please refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid to activate pairing mode. Check your device's Bluetooth settings to ensure Bluetooth is enabled and "S75" is selected. If issues persist, try forgetting the device on your phone and re-pairing.
- **No sound from one earbud:** Place both earbuds back into the charging case, close the lid, and then reopen it. This often resets the connection between the earbuds. Ensure both earbuds are charged.
- **Translation not working:** Verify that the "Ear Dance" app is installed, open, and connected to your earbuds. Check your

internet connection, as translation features require online access. Ensure the correct source and target languages are selected within the app.

- **Poor translation accuracy:** Speak clearly and at a moderate pace. Minimize background noise. Ensure the earbuds are properly worn and the microphones are not obstructed.
- **Charging issues:** Ensure the USB-C cable is securely connected to both the charging case and the power source. Check if the charging pins on the earbuds and inside the case are clean and free of debris.
- **Touch controls unresponsive:** Ensure your fingers are clean and dry. A quick tap or press is usually sufficient. If unresponsive, try restarting the earbuds by placing them in the case and closing the lid.

12. MAINTENANCE

Proper maintenance ensures the longevity and performance of your earbuds:

- **Cleaning:** Regularly clean the earbuds, eartips, and charging contacts with a soft, dry, lint-free cloth. Do not use abrasive materials or harsh chemicals.
- **Eartips:** Remove eartips periodically and clean them with mild soap and water. Ensure they are completely dry before reattaching.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Water Exposure:** While the earbuds are IPX7 waterproof, avoid prolonged submersion in water. Dry them thoroughly if they get wet.

13. SAFETY INFORMATION

Please read and follow these safety guidelines:

- Do not disassemble, repair, or modify the product.
- Keep the earbuds and charging case away from extreme temperatures, direct sunlight, and open flames.
- Avoid listening at high volume levels for extended periods to prevent hearing damage.
- Keep out of reach of children and pets.
- Dispose of the product and batteries responsibly according to local regulations.

14. WARRANTY AND SUPPORT
