PRODUCT OVERVIEW

The burgkidz Marble Run set includes oversized, rounded building blocks designed for easy handling by young children. The set features a dinosaur figure that acts as a marble launcher and two giraffe figures that integrate into the track design. Various track pieces, including spirals, drops, and tunnels, allow for diverse construction possibilities. The blocks are engineered to seamlessly integrate with standard large brick systems, expanding play options.

SETUP AND ASSEMBLY

Follow the step-by-step idea cards included in the set to construct various marble run configurations. The oversized, easy-grip blocks are designed for confident building. Connect the base plates, then stack the blocks to create towers and supports for the track pieces. Ensure all connections are secure to prevent the structure from collapsing during play.

Build & Play STEM Toys

OPERATING INSTRUCTIONS

Once the marble run is assembled, place the included marbles at the starting points, such as the dinosaur's mouth or the top funnel. Release the marbles and observe their journey through the spirals, drops, and tunnels. Encourage children to experiment with different starting positions and track modifications to understand cause and effect.

MAINTENANCE

To clean the building blocks and track pieces, simply wipe them with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic. Ensure all parts are dry before storing.

TROUBLESHOOTING

Marbles getting stuck:

- Ensure all track pieces are securely connected and properly aligned.

- Check for any loose blocks or debris obstructing the marble's path.
- Verify that the incline of the tracks is sufficient for gravity to propel the marbles. Adjust the height of supporting blocks if necessary.
