

SH8850, OST-EP23066, HF710

Generic Replacement Remote Control User Manual

Compatible with itvanila SH8850, Costway OST-EP23066, and Heaven Fresh HF710 Ultrasonic Humidifiers

1. INTRODUCTION

This manual provides instructions for the proper setup and operation of your new Generic replacement remote control. This remote is designed to be compatible with specific ultrasonic humidifier models: itvanila SH8850, Costway OST-EP23066, and Heaven Fresh HF710. It functions as an infrared (IR) replacement and typically requires no programming.

2. PACKAGE CONTENTS

- 1 x Generic Replacement Remote Control
- *Note: Batteries are not included.*

3. SETUP: BATTERY INSTALLATION

The remote control requires **2 AAA batteries** for operation. Follow these steps to install the batteries:

1. Locate the battery compartment on the back of the remote control.
2. Gently slide the battery compartment cover downwards or in the direction indicated by an arrow to open it.
3. Insert two AAA batteries, ensuring that the positive (+) and negative (-) terminals align correctly with the markings inside the compartment. Incorrect insertion can prevent the remote from functioning.
4. Slide the battery compartment cover back into place until it clicks securely.

Image: An angled view of the remote control's rear, highlighting the battery cover and its release mechanism.

4. OPERATING INSTRUCTIONS

This remote control is designed for intuitive use with compatible humidifiers. Point the remote directly at the humidifier's IR receiver for optimal performance.

Image: Front face of the remote control, displaying all function buttons and their labels.

Button Functions:

- **POWER** (⏻): Turns the humidifier ON or OFF.
- **AUTO**: Activates or deactivates the automatic humidity control mode. In auto mode, the humidifier adjusts mist output to maintain a preset humidity level.
- **WARM MIST** (☁): Toggles the warm mist function ON or OFF.
- **TIMER** (🕒): Sets the operating duration for the humidifier. Press repeatedly to cycle through available timer settings (e.g., 1H, 2H, 4H, 8H).
- **SET HUMIDITY** (💧): Allows you to adjust the desired humidity level. Press repeatedly to cycle through humidity percentage settings.
- **MIST VOLUME** (☁): Adjusts the mist output level (e.g., Low, Medium, High). Press repeatedly to cycle through mist intensity settings.

5. MAINTENANCE

Battery Replacement:

When the remote control's range decreases or it stops responding, it is likely time to replace the batteries. Follow the battery installation steps in Section 3. Always replace both batteries simultaneously with new AAA batteries.

Cleaning:

To clean the remote control, wipe it with a soft, dry cloth. Do not use liquid cleaners, abrasive pads, or chemical solvents, as these can damage the remote's surface or internal components.

6. TROUBLESHOOTING

- **Remote not responding:**

- Ensure batteries are installed correctly with the correct polarity.
- Replace old batteries with new AAA batteries.
- Check for any obstructions between the remote and the humidifier's IR receiver.
- Ensure you are within the effective range of the humidifier's IR receiver.

- **Some functions not working:**

- While this remote is a replacement, it may not support all advanced functions of your original humidifier remote. Verify the basic functions (Power, Mist, Humidity) are operational.
- Ensure your humidifier model is listed as compatible.
