2. Safety Information

Your safety is paramount. Please adhere to the following guidelines to prevent injury or damage to the product:

- Always secure the TV stand to the wall using the provided anti-tip kit to prevent tip-overs, especially in households with children or pets.
- Do not place heavy items on the top shelves or beyond the recommended weight capacity to maintain stability.
- Ensure all connections for the power outlets and LED lights are secure and follow electrical safety standards. Do not overload the power outlets.
- Keep liquids away from electrical components to prevent short circuits or electric shock.
- Assemble the unit on a soft, clean surface to avoid scratching the finish.
- Periodically check all fasteners to ensure they remain tight.

4. Assembly Instructions

Assembly of your Casaottima TV stand is designed to be straightforward. Each component is numbered, and detailed step-by-step instructions are included in the packaging. Please follow these instructions carefully.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface. Refer to the parts list in your included manual to identify each piece.
2. **Assemble the Main TV Console:** Follow the numbered steps to construct the central TV console unit. Ensure all screws are tightened securely.
3. **Attach Side Shelf Units:** Connect the two side shelf units to the main console as indicated in the instructions. The shelves on these units have adjustable heights.
4. **Install Fabric Drawers:** Insert the five fabric drawers into their designated slots.
5. **Integrate Power Outlet Unit:** Place the built-in power outlet unit into its designated slot on the top surface of the TV stand.
6. **Install LED Light Strip:** Adhere the LED light strip to the designated area, typically within the open central compartment. Connect it to the power source.
7. **Attach Anti-Tipping Kit:** For safety, securely attach the anti-tipping kit to the back of the TV stand and to a wall stud, following the specific instructions provided.

5. Operating Instructions

5.1. LED Lights Operation

The integrated LED light strip allows you to customize the ambiance of your entertainment area. Use the included remote control to manage the lighting features:

- **Power On/Off:** Press the power button on the remote to turn the LED lights on or off.
- **Brightness Adjustment:** Use the brightness control buttons (typically '+' and '-') to cycle through 8 brightness levels.
- **Color Selection:** Choose from 10 distinct color options to match your mood or decor.
- **Dynamic Modes:** Select from 10 dynamic modes for various lighting effects, such as fading, flashing, or smooth transitions.

5.2. Power Outlets Usage

The TV stand features a built-in power outlet unit for convenient device charging and power supply:

- **AC Outlets:** The unit includes 3 standard AC power outlets (120V/12A) for connecting your TV, stereo, gaming consoles, or other electronics.
- **USB Ports:** Two USB ports (5V/2A) are available for charging smartphones, tablets, or other USB-powered devices.
- **Power Cord:** The power outlet unit is equipped with a 4.9-foot power cord for connection to a wall outlet.

Ensure that the total power consumption of connected devices does not exceed the unit's maximum capacity to prevent electrical hazards.

5.3. Storage Utilization

The TV stand offers versatile storage options to keep your space organized:

- **Open Shelf Storage:** The 3-tier side shelves provide space for displaying decor, books, speakers, or gaming consoles. The shelves have adjustable heights to accommodate various item sizes.
- **Fabric Drawers:** Five removable fabric drawers offer ample hidden storage for items like clothes, blankets, books, DVDs, or gaming accessories, helping to maintain a clutter-free environment.

6. Maintenance

Proper care will ensure the longevity and appearance of your TV stand:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish. The surface is designed to be easy to clean.
- **Fabric Drawers:** The fabric drawers can be spot cleaned with a mild detergent and water. Allow them to air dry completely before returning them to the unit.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Re-tighten if necessary.

7. Troubleshooting

If you encounter any issues with your Casaottima TV stand, please refer to the following common troubleshooting tips:

- **Wobbly Stand:** Ensure all assembly screws are fully tightened. Check that the adjustable foot pads are properly leveled on an even surface.
- **LED Lights Not Working:** Verify that the LED light strip is correctly connected to the power outlet and that the remote control has working batteries. Check if the power outlet unit is plugged into a functional wall socket.

- **Power Outlets Not Functioning:** Confirm the power outlet unit's cord is securely plugged into a live wall outlet. Check if the wall outlet itself is working by testing it with another device. Avoid overloading the outlets.
- **Drawers Not Sliding Smoothly:** Ensure the fabric drawers are inserted correctly and are not overloaded. Check for any obstructions in the drawer slots.

If these steps do not resolve the issue, please contact Casaottima customer support for further assistance.
