- **Storage:** During harsh weather conditions or off-season, consider covering the furniture or storing it indoors to protect it from extreme elements.
- **Armrests:** The wooden armrests can be wiped clean with a damp cloth. Avoid harsh chemicals that may damage the wood finish.

7. TROUBLESHOOTING

If you encounter any issues with your furniture set, please refer to the following common solutions:

- **Difficulty during Assembly:** Ensure all parts are correctly oriented according to the assembly instructions. Do not overtighten bolts until all connections are made. If a part seems bent or misaligned, gently adjust it or contact customer support for replacement parts.
- **Wobbly Chairs/Table:** Check that all bolts are securely tightened. For the coffee table, adjust the leveling feet on uneven surfaces.
- **Glass Tabletop Damage:** If the tempered glass tabletop is chipped or broken, discontinue use immediately and contact customer support for a replacement.
