Reobrix 11010

Reobrix Sports Car Building Blocks Set

Model: 11010

Brand: Reobrix

Introduction

This instruction manual provides detailed guidance for assembling and understanding the Reobrix Sports Car Building Blocks Set, Model 11010. This highly realistic 1:8 scale model is designed for enthusiasts aged 14 and above, offering a challenging yet rewarding building experience with 5,480 pieces. The finished model serves as an exquisite decorative piece, faithfully recreating the classic appearance and intricate details of a supercar.

Setup and Assembly

The Reobrix 11010 set contains 5,480 building pieces, meticulously organized to facilitate the assembly process. The set includes detailed, easy-to-understand color instructions provided in two high-quality books. The pieces are typically sorted into smaller, numbered bags within five larger boxes, corresponding to specific steps in the manual. Follow the step-by-step instructions carefully. It is recommended to sort pieces for each step before beginning assembly to ensure all necessary components are available. This building process is designed to enhance spatial thinking and manual dexterity, making it an engaging activity for both individual builders and families.

Operating Features

The Reobrix 11010 Sports Car model incorporates several functional and realistic design details that enhance its authenticity and interactive appeal:

- **Simulated Cockpit:** The interior features an exquisitely detailed cockpit with decorative stickers, replicating the texture and appearance of a real supercar interior.
- **Adjustable Seats:** The seats can be adjusted forward and backward by turning a dedicated knob, adding to the realistic functionality.
- **Openable Elements:** The engine hood, doors, and trunk can all be opened, revealing internal mechanical structures and fine parts, providing a strong visual impact and allowing for closer inspection of the model's engineering.
- **Steering Wheel Linkage:** The steering wheel is functionally linked to the front wheels. Turning a knob in front of the window allows for steering of the front wheels.
- **Simulated Brake Discs:** The wheels feature exquisite simulated brake disc designs, including a sensitive anti-shake function to ensure the balance of the brake disc.
- **Realistic Lighting:** The model includes imposing simulated headlights and exquisitely crafted simulated taillights, accurately replicating the lighting elements of a supercar.

Maintenance

To ensure the longevity and appearance of your Reobrix Sports Car model, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners, as these can damage the ABS material and printed details.
- **Storage:** Store the model in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause colors to fade.
- **Handling:** While the model has a sturdy structure, handle it with care to prevent accidental detachment of

pieces.

Troubleshooting

While the Reobrix 11010 set is designed for a smooth building experience, occasional issues may arise. Here are some common concerns and their resolutions:

- **Missing Pieces:** In the rare event that you encounter missing pieces during assembly, first double-check all packaging and sorting areas. If a piece is confirmed missing, please contact Reobrix customer support or the seller directly with details of the missing part (e.g., part number from the instruction manual, color, and quantity).
- **Difficulty Connecting Pieces:** Ensure that pieces are aligned correctly and apply firm, even pressure. If a piece does not fit, verify that you are using the correct part as indicated in the instructions.
- **Structural Instability:** If a section of the model feels unstable, re-examine the assembly steps for that section. Ensure all connections are fully engaged and that no steps were skipped or performed incorrectly.

Specifications

Attribute	Detail
Model Number	11010
Number of Pieces	5480
Product Dimensions (L x W x H)	24.41 x 10.55 x 6.81 inches (approx. 62 x 26.8 x 17.3 cm)
Item Weight	15.32 pounds (approx. 6.95 kg)
Material	ABS Plastic
Recommended Age	14 years and up
Scale	1:8
