3. DEVICE LAYOUT

Familiarize yourself with the physical components of your SANSHREUNI C25 Ultra smartphone.

Image: Front and rear view of the SANSHREUNI C25 Ultra.

Key Components:

- **Front Camera:** Located at the top center of the display.
- **Display:** 6.9-inch screen.

- **Power Button:** Typically on the right side.
- **Volume Buttons:** Typically on the right side, above the power button.
- **USB-C Port:** For charging and data transfer, located at the bottom.
- **Speaker:** Located at the bottom.
- **Microphone:** Located at the bottom.
- **SIM/SD Card Tray:** Located on the side.
- **Rear Cameras:** Multiple lenses located on the back.
- **Stylus Slot:** Integrated slot for the built-in pen.

4. SETUP GUIDE

4.1. SIM and SD Card Installation

1. Locate the SIM card tray on the side of your phone.
2. Insert the SIM ejector tool into the small hole on the tray to open it.
3. Place your Nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards. The device supports two SIM cards and one TF (microSD) card simultaneously.
4. Carefully push the tray back into the phone until it clicks into place.

4.2. Initial Power On and Setup

1. Press and hold the Power button until the SANSHREUNI logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You will be guided through setting up security features like Face Recognition or a PIN/pattern/password.

4.3. Charging the Device

Before first use, fully charge your smartphone using the provided USB cable and charger. Connect the USB cable to the phone's USB-C port and the charger to a power outlet.

5. BASIC OPERATION

5.1. Screen and Display

Your SANSUREUNI C25 Ultra features a 6.9-inch HD display with a resolution of 1440*3040 and a 120Hz refresh rate for smooth visuals and responsive touch interactions.

5.2. Operating System

The device runs on Android 14.0 OS, providing access to a wide range of applications and features through the Google Play Store. Navigate using gestures or the traditional three-button navigation bar.

5.3. Security Features: Face Recognition

Unlock your phone quickly and securely using Face Recognition. During initial setup, register your face by following the on-screen instructions. Ensure good lighting conditions for optimal performance.

5.4. Connectivity

The SANSHREUNI C25 Ultra supports global 5G networks for high-speed data transmission and Wi-Fi for local network access. To enable 5G, ensure your SIM card supports 5G and that you are in a 5G coverage area. Wi-Fi can be enabled and configured via the Settings menu.

5.5. Stylus Functionality

The device includes a built-in pen for enhanced interaction. Use the stylus for precise input, drawing, note-taking, and editing photos. To remove the pen, gently press its top end until it pops out slightly, then pull it out.

6. BATTERY MANAGEMENT

The SANSHREUNI C25 Ultra is equipped with a 6800mAh battery. To optimize battery life:

- Adjust screen brightness.
- Close unused applications running in the background.
- Enable battery saver mode when needed.
- Avoid extreme temperatures.

The device supports 12W charging for quick power replenishment.

7. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Protection:** Use the provided phone case and screen protector to guard against scratches and minor impacts.
- **Temperature:** Avoid exposing the phone to extreme heat or cold.
- **Water Exposure:** The device is not waterproof. Avoid contact with liquids.

8. TROUBLESHOOTING

If you encounter issues with your SANSHREUNI C25 Ultra, refer to the following common solutions:

- **Device is Slow/Unresponsive:** Try restarting the phone. Close unnecessary background applications. Clear cache from apps.
- **No Network Service:** Ensure SIM card is correctly inserted. Check network settings. Restart the phone. If issues persist, contact your service provider.
- **Low Volume:** Check volume settings for media, calls, and alarms. Ensure speakers are not obstructed.
- **Screen Blank/Frozen:** Force restart the device by holding the Power button for approximately 10-15 seconds. If the issue persists, ensure the battery is charged.
- **Battery Drains Quickly:** Refer to the Battery Management section for tips. Reduce screen brightness, disable unused features like GPS or Bluetooth.
