MINISO X31

MINISO AI Translation Earbuds Model X31 User Manual

Real-Time Translation, Bluetooth 6.0, Open-Ear Wireless Headphones

1. INTRODUCTION

Thank you for choosing the MINISO AI Translation Earbuds Model X31. These open-ear wireless headphones are designed to facilitate real-time communication across 134 languages and accents, enhance your music listening experience, and provide clear call quality. Featuring Bluetooth 6.0 connectivity and a comfortable open-ear design, these earbuds are suitable for various activities including travel, business, and learning. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance.

2. PRODUCT OVERVIEW

2.1 Key Features

- **Multilingual Translation:** Supports real-time two-way translation in 134 languages and accents.
- **Multiple Translation Modes:** Includes Free Talk Mode, Earbuds + Smartphone Mode, Translation Machine Mode, and AI Chat Mode.
- **High-Definition Sound:** Equipped with 16.2mm diaphragm speakers for clear audio during music playback, calls, and translations.

- **Open & Comfortable Design:** Lightweight PC material (8 grams per earbud) with soft silicone ear hooks for a secure fit, allowing awareness of surroundings.
- **Extended Battery Life:** Up to 10 hours of continuous playback, with an additional 50 hours from the charging case, totaling up to 60 hours.
- **Advanced Connectivity:** Bluetooth 6.0 technology for seamless, low-latency audio with smart auto-power-on and instant pairing.

2.2 Package Contents

- MINISO AI Translation Earbuds (Left and Right)
- Charging Case
- User Manual
- Charging Cable (USB-C)

Image 2.1: The MINISO AI Translation Earbuds are capable of translating 134 languages, facilitating global communication.

Image 2.2: Key design and audio features, highlighting the open-ear comfort and sound technology.

3. SETUP

3.1 Charging the Earbuds and Case

1. Place the earbuds into the charging case. Ensure they are correctly seated.
2. Connect the charging case to a power source using the provided USB-C cable.
3. The indicator lights on the charging case will show the charging status. A full charge typically takes approximately 1.5-2 hours for the earbuds and 2-3 hours for the case.

3.2 App Installation and Bluetooth Pairing

To utilize the AI translation features, you must download and connect to the dedicated mobile application.

1. **Download the App:** Scan the QR code provided in the product packaging or visit <https://classicearjoy.com/app-download-h5> to download the 'Saymi' app.
2. **Login:** Open the Saymi app and log in or create an account.
3. **Power On Earbuds:** Take the earbuds out of the charging case. They will automatically power on and

enter pairing mode.

4. Connect via Bluetooth:

- On your mobile phone, go to Bluetooth settings and search for available devices.
- Select "MINISO-X31" from the list to pair.

5. **Connect within App:** Open the Saymi app. The app will prompt you to connect the earbuds. Tap "Connect" to establish the connection within the application for translation functionalities.

4. OPERATING INSTRUCTIONS

4.1 Translation Modes

The MINISO AI Translation Earbuds offer several modes to suit different communication scenarios. All translation functions require the Saymi app to be open and connected.

- **Free Talk Mode:** Designed for two users. Each person wears one earbud. Speak naturally, and the earbuds will provide real-time, two-way translation. Ideal for in-depth conversations or business meetings.

- **Earbuds + Smartphone Mode:** One user wears an earbud, and the smartphone acts as a speaker for the other person. Speak into the earbud, and the translation will play through your phone's speaker. The other person can speak into the phone's microphone, and the translation will play in your earbud. Useful for quick interactions like asking for directions or ordering food.
- **Translation Machine Mode:** The device functions as a portable translator. Speak into the earbud, and the translated content will be played aloud through your smartphone's speaker. This mode is suitable for group settings or classroom communication where one person is addressing multiple listeners.
- **AI Chat Mode:** Interact with the built-in AI assistant through the app. Click the speech button in the app to converse with the AI, which can provide inspiration and helpful suggestions.

MINISO

**The collision of tradition and the new era,
equipped with the latest
AI technology, with 134 languages,

Wear headphones, one of which is given to the other person to converse

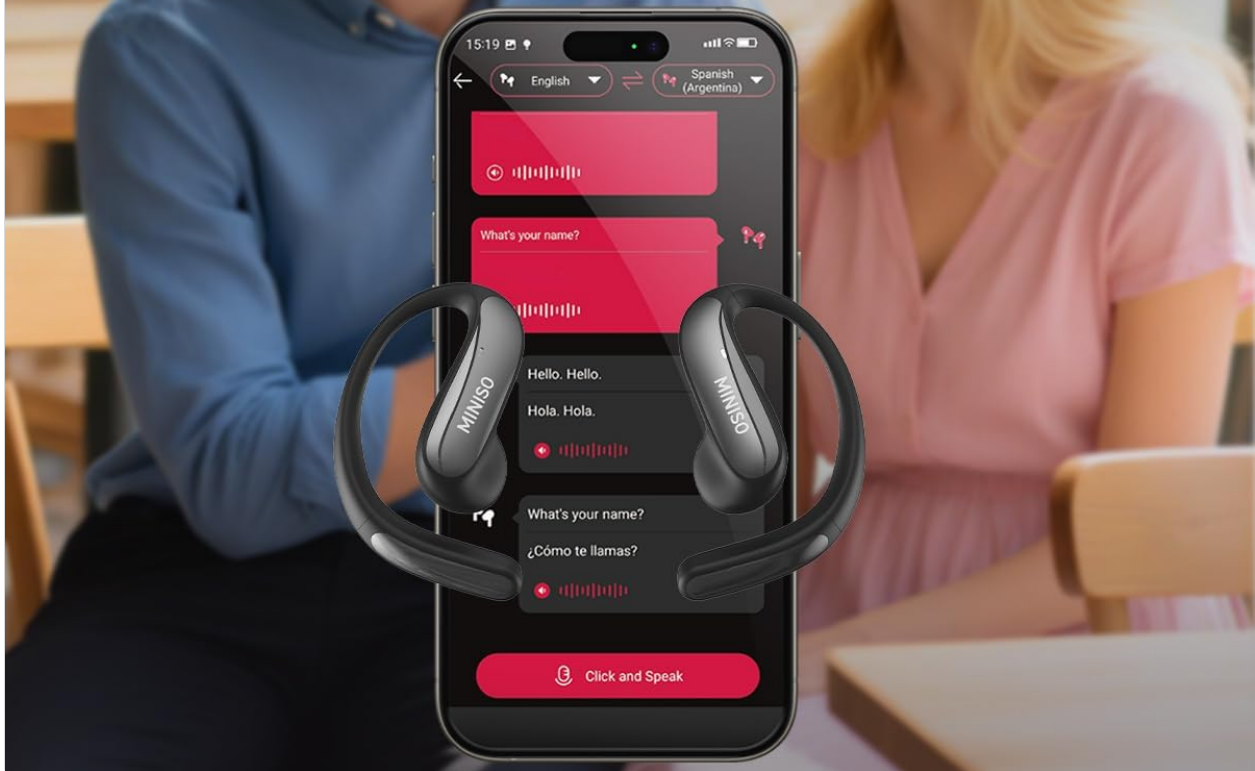

Image 4.2: Dual Headphones Translation Mode in use, enabling seamless two-way communication.

4.2 Music Playback and Calls

Beyond translation, these earbuds function as standard Bluetooth headphones for audio and calls.

- **Music Playback:** Once paired, you can play music from your connected device. Use the touch controls on the earbuds or your device to control playback (play/pause, skip tracks).
- **Answering/Ending Calls:** Tap the earbud to answer an incoming call. Tap again to end a call.
- **Rejecting Calls:** Press and hold the earbud for a few seconds to reject an incoming call.
- **Voice Assistant:** Triple-tap an earbud to activate your device's voice assistant (e.g., Siri, Google Assistant).

4.3 App Settings and Customization

The Saymi app allows for further customization of your listening experience.

- **Sound Equalizer:** Adjust audio settings with predefined EQ options or customize your sound profile for music and calls.
- **Language Selection:** Easily switch between source and target languages for translation within the app.

- **Firmware Updates:** The app will notify you of any available firmware updates for your earbuds. It is recommended to keep the firmware updated for optimal performance.

Image 4.3: The Saymi app offers individual voice configuration and sound customization options.

5. MAINTENANCE

Proper care and maintenance will extend the lifespan of your MINISO AI Translation Earbuds.

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place.
- **Avoid Water:** The earbuds are not waterproof. Avoid exposure to water, rain, or excessive moisture.
- **Battery Care:** To preserve battery life, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

6. TROUBLESHOOTING

If you encounter issues with your earbuds, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Earbuds not pairing/connecting	Bluetooth off, earbuds not in pairing mode, interference, app not connected.	<ol style="list-style-type: none"> 1. Ensure Bluetooth is enabled on your device. 2. Place earbuds back in case, then take them out to re-enter pairing mode. 3. Forget "MINISO-X31" in your device's Bluetooth settings and re-pair. 4. Ensure the Saymi app is open and connected to the earbuds.
Translation not working or inaccurate	App not connected, incorrect language selection, poor network connection, background noise, speaking too fast/unclearly.	<ol style="list-style-type: none"> 1. Verify earbuds are connected within the Saymi app. 2. Check that the correct source and target languages are selected. 3. Ensure a stable internet connection (Wi-Fi or mobile data). 4. Speak clearly and at a moderate pace. Reduce background noise if possible. 5. Update the app and earbud firmware to the latest version.
Poor sound quality or microphone issues	Earbuds dirty, low battery, poor connection, environmental factors.	<ol style="list-style-type: none"> 1. Clean the earbuds, especially the speaker and microphone grilles. 2. Ensure earbuds are fully charged. 3. Move closer to your connected device to improve Bluetooth signal. 4. Avoid using in very noisy environments, as open-ear design may pick up more ambient sound.
Earbuds not charging	Improper placement, faulty cable/charger, dirty charging contacts.	<ol style="list-style-type: none"> 1. Ensure earbuds are correctly seated in the charging case. 2. Try a different USB-C cable and power adapter. 3. Clean the charging contacts on both the earbuds and the case with a dry cotton swab.
