SETUP

Charging the Device

The CD player is equipped with an 1800mAh rechargeable battery. Before first use, fully charge the device. Connect the provided Type-C charging cable to the charging port on the device and the other end to a standard 5V/2A USB power adapter (not included). The power indicator light will show charging status and turn off when fully charged. A full charge provides several hours of continuous playback.

Mounting Options

The Gueray G-Y-01 offers flexible placement options:

- **Desktop Use:** Utilize the built-in back brace for stable support on any flat surface.
- **Wall Mounting:** For space-saving or a unique setup, use the included wall plate and screws to mount the player securely to a wall.

OPERATING INSTRUCTIONS

Power On/Off

Slide the Power Switch to the "ON" position to turn on the device. The power indicator will light up. To turn off, slide the Power Switch to the "OFF" position.

CD Playback

1. Ensure the device is powered on.
2. Gently press the center of the dust cover to open the CD compartment.
3. Place a CD (CD, CD-R/RW, MP3, WMA format) onto the spindle, ensuring it is centered.
4. Close the dust cover by aligning the bottom of the lid with the player's slot and pressing down until it clicks.
5. The player will automatically detect the CD and begin playback. Use the Play/Pause, Previous/Fast Back, and Next/Fast Forward buttons to control playback.

Bluetooth Mode (Receive/Transmit)

Press the Mode button until "BT" appears on the display.

- **Bluetooth Receiving:** The player will enter pairing mode. On your smartphone, tablet, or other Bluetooth device, search for "G-Y-01" and connect. Audio from your device will now play through the CD player's speakers.
- **Bluetooth Transmitting:** To connect to Bluetooth headphones or external speakers, ensure they are in pairing mode. The CD player will automatically search and connect. Once connected, audio from the CD player will transmit to your paired Bluetooth device.

Image: An illustration demonstrating the Bluetooth pairing process, showing how to connect the CD player to a smartphone for receiving audio and to Bluetooth headphones for transmitting audio.

FM Radio Mode

Press the Mode button until "FM" appears on the display. Use the Previous/Next buttons to scan for radio stations. Adjust volume with the Volume +/- buttons.

Image: The CD player functioning as an FM radio, illustrating its capability to receive radio broadcasts.

USB Playback

Insert a USB flash drive containing MP3 or WMA audio files into the USB port. Press the Mode button until "USB" appears. The player will automatically detect and begin playing files from the USB drive. Use the playback controls for navigation.

AUX Input/Output

Connect an external audio device (e.g., smartphone, MP3 player) to the AUX port using a 3.5mm audio cable. Press the Mode button until "AUX" appears. Audio from the external device will play through the CD player's speakers. Alternatively, connect the AUX output to external speakers for amplified sound.

MAINTENANCE

To ensure the longevity and optimal performance of your Gueray CD Player, follow these maintenance guidelines:

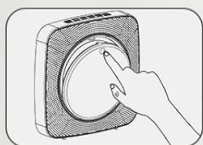

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the device. Do not use liquid cleaners or abrasive materials.
- **Dust Cover:** The removable dust cover helps protect the CD mechanism from dust and debris. Ensure it is properly closed when a CD is not in use or when the player is not operating.
- **CD Handling:** Always handle CDs by their edges to avoid fingerprints and scratches. Store CDs in their cases when not in use.
- **Storage:** When not in use for extended periods, store the player in a cool, dry place away from direct sunlight and extreme temperatures.

Easy to Insert/Remove CD

Non-Removable Dust Cover

1. Align the bottom of the lid with the player's slot and insert it.

2. Press down on the circle on the lid, when you hear a "click" sound, the installation is complete.

TROUBLESHOOTING

If you encounter issues with your Gueray CD Player, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not power on.	Battery is depleted; Power switch is off.	Charge the device using the Type-C cable and a 5V/2A adapter. Ensure the Power Switch is in the "ON" position.
CD does not play or skips.	CD is dirty, scratched, or inserted incorrectly; CD format not supported.	Clean the CD with a soft cloth. Reinsert the CD correctly. Ensure the CD is a supported format (CD, CD-R/RW, MP3, WMA).
No sound from speakers.	Volume is too low; Headphones are connected; Incorrect mode selected.	Increase the volume. Disconnect headphones if not needed. Press the Mode button to select the correct playback mode.

Problem	Possible Cause	Solution
Bluetooth pairing fails.	Device is not in Bluetooth mode; Target device is not in pairing mode or too far.	Ensure the CD player is in Bluetooth mode. Place the target Bluetooth device in pairing mode and close to the CD player. Try restarting both devices.
Remote control not working.	Batteries are dead; Player's main power switch is off; Obstruction between remote and player.	Replace remote batteries (AAA, not included). Ensure the player's main power switch is ON. Remove any obstructions.
