3. OPERATING INSTRUCTIONS

The HomeStock Armoire is designed for intuitive use, providing versatile storage solutions.

3.1 Doors

Gently pull the handles to open the three doors. Ensure doors are fully closed after use to protect contents from dust and maintain a tidy appearance. Hinges can be adjusted if doors become misaligned (refer to troubleshooting section).

3.2 Drawers

The two drawers operate on smooth glides. Pull the drawer handles to open and push to close. Avoid overloading drawers to ensure smooth operation and prevent damage to the glides.

3.3 Hanging Rod

Utilize the integrated hanging rod for garments that require hanging, such as shirts, dresses, or coats. Distribute weight evenly along the rod to prevent bowing.

3.4 Shelves

The armoire features four tier shelves. These shelves are often adjustable. To adjust, remove items, lift the shelf, and reposition the shelf pins to the desired height. Ensure all four pins are securely in place before placing items back on the shelf. Use shelves for folded clothing, accessories, or other stored items.

4. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your armoire.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, which can damage the finish.
- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration.
- **Heat and Humidity:** Keep the armoire away from direct heat sources and areas of high humidity to prevent warping or cracking.
