

ExtreLife BSJMF30

ExtreLife BSJMF30 Passport Holder User Manual

Model: BSJMF30

1. INTRODUCTION

Thank you for choosing the ExtreLife BSJMF30 Passport Holder. This product is designed to secure your travel documents and cards while offering advanced anti-loss features through Apple's Find My network and RFID blocking technology. This manual provides essential information for setting up, operating, and maintaining your passport holder.

2. PRODUCT FEATURES

- **Full Find My Functionality:** Locate your passport holder anywhere worldwide using your iPhone, iPad, or Mac.
- **Left Behind Notifications:** Receive alerts on your device if you accidentally leave your passport holder behind.
- **RFID Blocking Protection:** Safeguards your credit cards and personal information from unauthorized scanning.
- **Wireless Charging:** Recharge the integrated tracking battery conveniently. A single 1.5-hour charge provides up to 5 months of battery life.
- **Organized Storage:** Features 6 card slots, an ID window, a dedicated passport pocket, a pen holder, and additional side pockets for travel essentials.
- **Durable Material:** Constructed from high-quality faux leather for longevity and a sleek appearance.

3. SETUP INSTRUCTIONS

3.1. Pairing with Apple Find My Network

Follow these steps to connect your ExtreLife Passport Holder to your Apple Find My network:

1. **Enable Two-Factor Authentication:** Ensure Two-Factor Authentication is turned on for your Apple ID. This is a security requirement for using the Find My network.
2. **Power On the Passport Holder:** Press the power button on your passport holder once to turn it on.
3. **Activate Find My and Bluetooth:** On your iPhone, turn on the Find My app and ensure Bluetooth is enabled in your device settings.
4. **Add New Item:** In the Find My app, tap the "Items" tab at the bottom of the screen. Then, select "Add New Item" and choose "Other Supported Item" to begin the pairing process. Follow the on-screen prompts to complete the connection.

3.2. Charging the Passport Holder

The ExtreLife Passport Holder features a rechargeable battery that powers its Find My functionality. To charge:

- Place the passport holder on a compatible wireless charging pad. The charging indicator (if any) will activate.
- A full charge takes approximately 1.5 hours and provides up to 5 months of usage.

4. OPERATING INSTRUCTIONS

4.1. Using Find My Functionality

Once paired, you can utilize the Find My app on your Apple device to locate your passport holder:

- **Locate on a Map:** Open the Find My app and select the 'Items' tab. Your passport holder will appear on the map, showing its last known location.
- **Play Sound:** If the passport holder is nearby, select it in the Find My app and tap 'Play Sound'. The

holder will emit an audible alert, helping you pinpoint its exact location.

- **Left Behind Notifications:** Configure 'Notify When Left Behind' in the Find My app settings for your passport holder. You will receive an alert on your device if you move away from your passport holder, helping prevent loss.

4.2. Organizing Your Essentials

The passport holder is designed for efficient organization:

- Insert your passport into the dedicated passport pocket.
- Utilize the 6 card slots for credit cards, debit cards, or loyalty cards.

- Place your ID in the transparent ID window for easy access.
- Use the pen holder for a small pen, useful for filling out customs forms.
- Additional side pockets can store boarding passes, cash, or other small documents.

5. MAINTENANCE

To ensure the longevity and appearance of your ExtreLife Passport Holder:

- **Cleaning:** Wipe the faux leather exterior with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Avoid Overfilling:** Do not overfill the holder, as this can strain the material and stitching.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cannot connect to Find My.	Two-Factor Authentication not enabled; Bluetooth off; Passport holder battery low; Incorrect pairing steps.	Ensure Two-Factor Authentication is active for your Apple ID. Verify Bluetooth is on. Charge the passport holder. Re-attempt pairing following Section 3.1.
Passport holder not found on map.	Passport holder is off or out of range; Battery depleted.	Ensure the passport holder is powered on and charged. If it's out of range, the map will show its last known location.
Sound alert not working.	Passport holder is too far from your device; Battery depleted.	The 'Play Sound' feature works best when the passport holder is within Bluetooth range. Ensure it is charged.
Wireless charging not working.	Improper placement on charging pad; Charging pad not powered; Passport holder not aligned.	Ensure the passport holder is centered on the wireless charging pad. Verify the charging pad is connected to power.
