## MAINTENANCE

Proper maintenance will extend the life of your PAKRYS KE3 Smart Watch:

- **Cleaning:** Regularly wipe the watch screen and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Charging:** Use only the provided charging cable. Ensure the charging contacts on the watch and cable are clean and dry before charging.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Water Exposure:** While waterproof, it is recommended to dry the watch thoroughly after exposure to water, especially after swimming or heavy rain, to prevent skin irritation and maintain device integrity.

## TROUBLESHOOTING

If you encounter issues with your smartwatch, try the following common troubleshooting steps:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and a power source for at least 30 minutes.
- **Cannot connect to app/Bluetooth:**
  - a. Ensure Bluetooth is enabled on your phone and the watch.
  - b. Make sure the watch is within Bluetooth range of your phone.
  - c. Restart both your phone and the watch.
  - d. Clear the Bluetooth cache on your phone (Android) or forget the device and re-pair (iOS/Android).
  - e. Ensure the FitCloudPro app is updated to the latest version.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Clean the sensor on the back of the watch regularly.
- **Notifications not appearing:** Check app notification settings within the FitCloudPro app and your phone's system settings to ensure permissions are granted.
- **Short battery life:** Reduce screen brightness, disable unnecessary features like continuous heart rate monitoring if not needed, and limit frequent screen wake-ups.

If problems persist, please contact PAKRYS customer support for further assistance.
