SETUP AND ASSEMBLY

The VECELO Tufted Upholstered Headboard is designed for easy assembly. Please follow the steps below carefully. All necessary tools, bolts, and screws are included in the package.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the user guide are present.
2. **Attach Legs:** Align the metal legs with the pre-drilled holes on the back of the headboard. Secure them using the provided bolts and screws. Ensure all connections are tight for stability.
3. **Adjust Height:** Determine your desired headboard height. The legs feature multiple pre-drilled holes allowing for 6 adjustable height positions, ranging from 39.8 inches to 49.8 inches. Select the appropriate holes to match your bed frame's height.
4. **Attach to Bed Frame:** Position the assembled headboard against your bed frame. Use the pre-drilled holes on the

headboard legs to attach it securely to your bed frame using compatible bolts (not always included with headboard, may be part of bed frame). Ensure a snug fit to prevent wobbling.

OPERATING INSTRUCTIONS

Once assembled and attached to your bed frame, the VECALO headboard requires no further operational steps. Its primary function is to provide comfortable back support and enhance the aesthetic of your bedroom.

The adjustable height feature allows you to customize the headboard's position relative to your mattress. If you wish to change the height after initial setup, carefully detach the headboard from your bed frame, adjust the leg attachment points to a different set of pre-drilled holes, and re-secure it to the bed frame.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your VECELO Tufted Upholstered Headboard, follow these simple maintenance guidelines:

- **Cleaning:** For general cleaning, wipe the velvet fabric with a dry, soft cloth. Avoid using liquid cleaners or abrasive materials, as these may damage the fabric or finish.
- **Spot Cleaning:** For minor spills, gently blot the area with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, consult a professional upholstery cleaner.
- **Dusting:** Regularly dust the headboard to prevent accumulation, which can dull the fabric's appearance.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the fabric to fade over time. Position your headboard away from direct sunlight if possible.
- **Check Connections:** Periodically check the bolts and screws connecting the legs to the headboard and the

headboard to your bed frame. Tighten them if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your VECELO Tufted Upholstered Headboard, please refer to the following common troubleshooting tips:

- **Headboard is Wobbly:**
 - Ensure all bolts connecting the legs to the headboard are securely tightened.
 - Verify that the headboard is firmly attached to your bed frame. Tighten any loose connections.
 - Check if the bed frame itself is stable.
- **Difficulty Adjusting Height:**
 - Ensure the headboard is detached from the bed frame before attempting to adjust the leg height.
 - Make sure the bolts are fully loosened before attempting to slide the legs to a new position.
- **Missing Parts or Damaged Components:**
 - Carefully re-check all packaging materials to ensure no small parts were overlooked.
 - If parts are genuinely missing or damaged upon arrival, please contact VECELO customer support immediately for assistance.
