B0F8B3DX8M

Generic King Size LED Bed Frame with Storage Drawers - Instruction Manual

Model: B0F8B3DX8M

INTRODUCTION

Thank you for purchasing the Generic King Size LED Bed Frame with Storage Drawers. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.

- Assemble the bed frame on a soft, clean surface to prevent scratches.

- Two adults are recommended for assembly.

- Do not overtighten screws during assembly to avoid damaging components.

- Keep small parts away from children during assembly.

- The bed frame is designed to support a maximum weight of 1200 lbs. Do not exceed this limit.

- Ensure all connections are secure before use.

PACKAGE CONTENTS

Please verify that all components listed below are included in your package. If any parts are missing or damaged, please contact customer support.

- Headboard with integrated LED lights

- Side rails (2)

- Footboard with storage drawer mechanisms

- Storage drawers (4)

- Wooden slats (11)

- Center support beam and legs

- Assembly hardware (screws, bolts, washers, Allen wrench)

- LED remote control

- Power adapter for LED lights

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your bed frame. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface. Refer to the parts list to ensure everything is present.

2. **Assemble Headboard:** Attach the headboard support legs to the upholstered headboard section. Ensure the LED light strip is facing the correct direction.

3. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Do not fully tighten bolts until all major components are aligned.

4. **Install Center Support:** Place the center support beam and its legs in the middle of the frame. Adjust legs to ensure even support.

5. **Insert Slats:** Lay the 11 wooden slats across the frame, securing them into the designated slots or with provided fasteners. Ensure even spacing.

6. **Assemble Storage Drawers:** Follow the separate instructions for assembling the four storage drawers. Attach the wheels to the bottom of each drawer.

7. **Insert Drawers:** Slide the assembled drawers into the designated compartments under the bed frame. The wheels allow for easy movement.

8. **Adjust Headboard Height:** The headboard offers three adjustable height options. Select the appropriate height to accommodate your mattress (8 to 14 inches thick) by adjusting the bolts on the headboard support legs.

9. **Final Tightening:** Once all components are in place and aligned, securely tighten all bolts and screws.

Figure 1: Bed Frame Dimensions. This diagram illustrates the overall dimensions of the King Size LED Bed Frame, including length, width, and height, along with the headboard and drawer measurements.
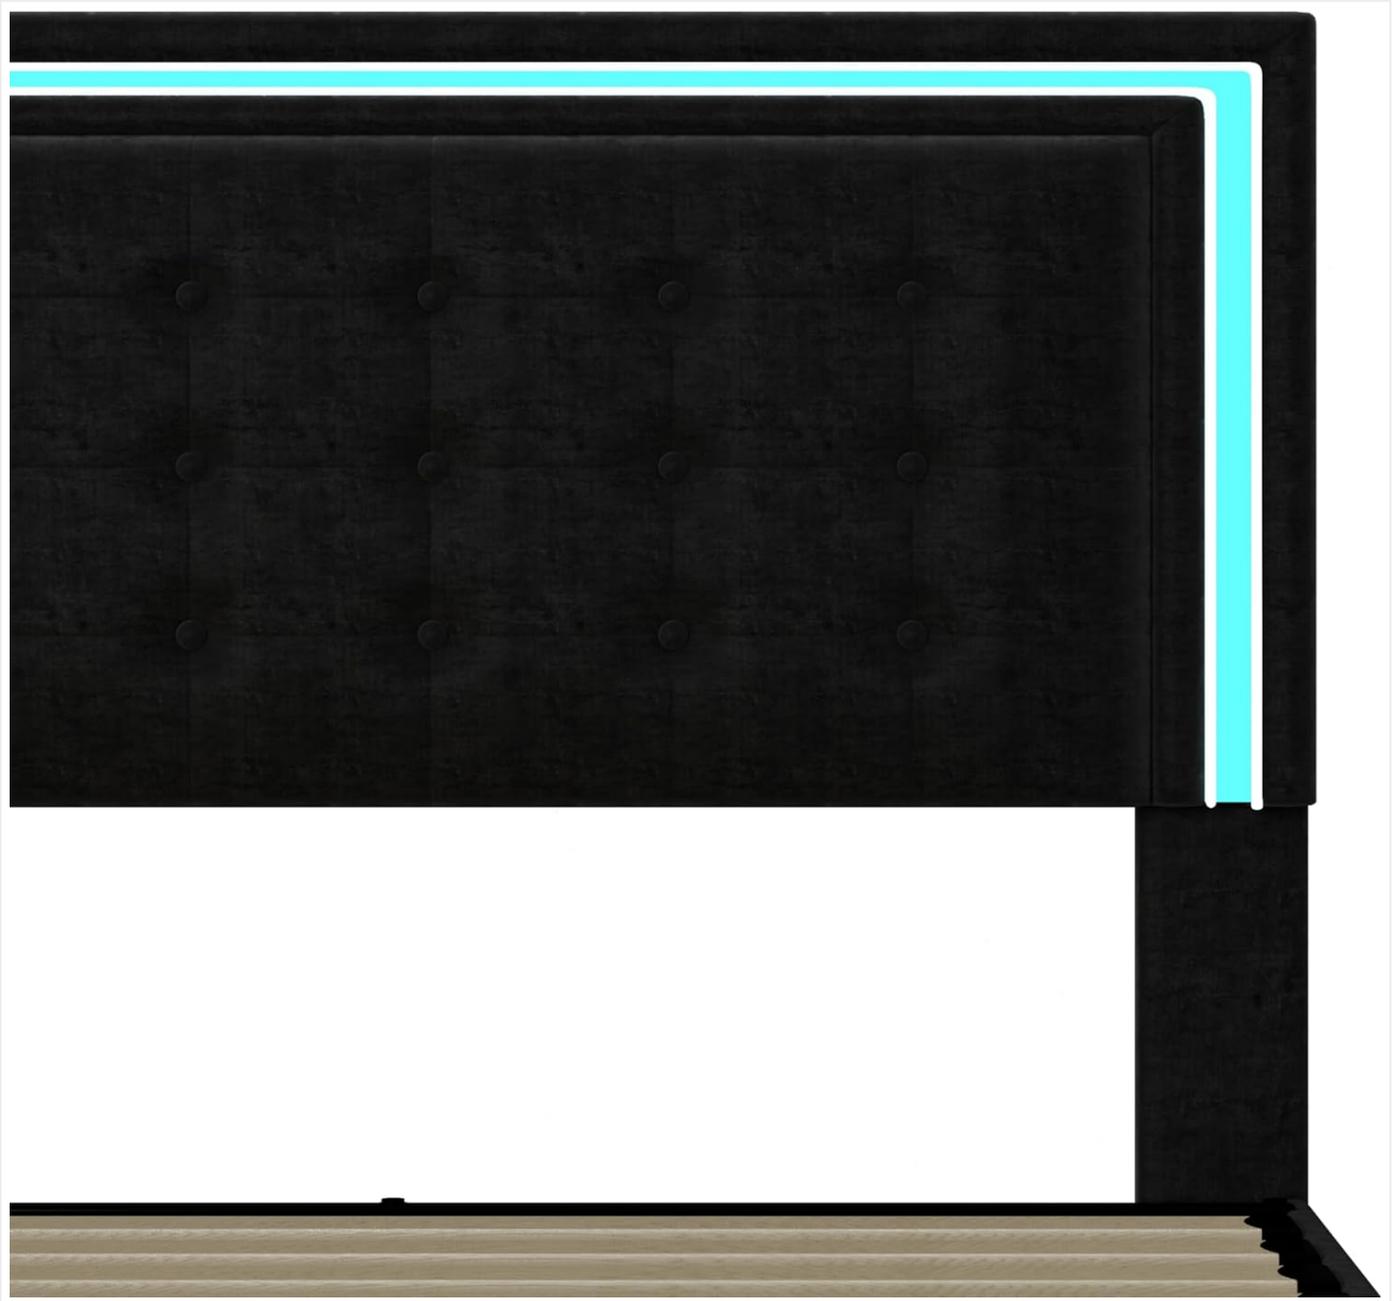

OPERATING INSTRUCTIONS (LED LIGHTS)

The integrated RGB LED lights on the headboard can be controlled via the included remote control or a mobile application.

1. **Connect Power:** Plug the LED light strip's power adapter into a standard electrical outlet.
2. **Using the Remote Control:**

   - Point the remote control towards the LED receiver on the headboard.
   - Press the "ON" button to turn on the lights.
   - Use the color buttons to select desired static colors.
   - Use the brightness buttons (up/down arrows) to adjust light intensity.
   - Select mode buttons for various flashing or fading effects.

- The remote may include a music sync button to make lights flash with rhythm.

3. **Using the Mobile App (if applicable):**

   - Download the specified mobile application (refer to packaging or a sticker on the LED controller for app name/QR code).
   - Enable Bluetooth on your mobile device and pair with the LED controller.
   - Use the app interface to control color, brightness, modes, and music synchronization features.

MAINTENANCE

- **Cleaning the Frame:** Wipe the upholstered surfaces with a soft, damp cloth. For spills, blot immediately with a clean cloth. Avoid harsh chemicals.
- **Cleaning LED Lights:** Gently wipe the LED strip with a dry, soft cloth. Ensure power is disconnected before cleaning.

- **Drawer Maintenance:** Periodically check the drawer wheels for smooth operation. Clean any dust or debris that may hinder movement.

- **Hardware Check:** Every few months, check all bolts and screws to ensure they remain tight. Retighten if necessary to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not turning on.	Power adapter not connected; remote battery dead; LED strip faulty.	Ensure power adapter is securely plugged in. Replace remote battery. Contact support if issue persists.
Bed frame feels unstable or wobbly.	Loose bolts or screws; uneven assembly.	Check and tighten all assembly hardware. Ensure the bed is on a level surface.
Drawers are difficult to open/close.	Debris in wheel tracks; misaligned drawers.	Clean wheels and tracks. Re-align drawers if necessary.

SPECIFICATIONS

- **Model:** B0F8B3DX8M
