SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Keep all small parts and packaging materials away from children.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload shelves or drawers. Distribute weight evenly.
- For stability, it is highly recommended to anchor the cabinet to a wall using appropriate hardware (not always included, check package contents).
- Do not climb on or allow children to play on or around the cabinet.

PACKAGE CONTENTS

Before assembly, verify that all parts listed in the included parts diagram are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

Note: A detailed parts list and hardware pack are typically included within the product packaging. Refer to these documents for exact component identification.

TOOLS REQUIRED

- Phillips Head Screwdriver
- Hammer (for dowels and back panel nails)
- Measuring Tape
- Level
- Drill (optional, for wall anchoring)

SETUP AND ASSEMBLY

Follow the numbered steps below carefully. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface. Compare each part to the included parts list and hardware diagram.
2. **Assemble Base Frame:** Connect the side panels to the bottom panel using the provided cam locks and dowels. Ensure all connections are snug.
3. **Install Back Panel:** Carefully align and attach the back panel to the assembled frame using small nails or screws. This adds stability.
4. **Assemble Drawers:** For the single drawer, attach the side panels to the front and back panels. Insert the bottom panel into the grooves. Secure with screws. Attach the drawer glides to the drawer sides and the cabinet frame.

7. **Wall Anchoring (Highly Recommended):** Locate a suitable wall stud. Using the provided wall anchor kit (if included) or a separate kit, secure the cabinet to the wall to prevent tipping.
8. **Final Inspection:** Ensure all parts are correctly assembled and tightened. Check for stability.

OPERATING INSTRUCTIONS

- **Doors:** Gently open and close the cabinet doors using the handles. Avoid slamming to prevent damage to hinges and the cabinet structure.
- **Drawer:** Pull the drawer open and push it closed smoothly. Do not force the drawer if it feels stuck; check for obstructions.
- **Shelves:** The internal shelves are adjustable. To reposition, remove items, lift the shelf, remove the pins, reinsert pins into desired holes, and place the shelf back.
- **Open Shelf:** Utilize the open shelf for frequently accessed items or decorative displays. Ensure items do not protrude excessively to avoid accidental knocking.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish. Dry immediately with a clean cloth.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws, bolts, and cam locks to ensure they remain tight. Re-tighten as needed.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the finish.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet is wobbly	Loose connections; uneven floor	Tighten all screws and cam locks. Use shims under the base if the floor is uneven. Ensure wall anchoring is secure.
Drawer does not slide smoothly	Obstruction; misaligned glides; loose screws	Check for items blocking the drawer. Ensure drawer glides are correctly installed and screws are tight.
Doors are misaligned	Hinges not adjusted correctly; loose hinge screws	Adjust the screws on the hinges to align the doors. Refer to hinge adjustment instructions if available. Tighten all hinge screws.
Missing parts	Packaging error	Do not assemble. Contact customer support with your parts list and purchase information.
