CARE AND MAINTENANCE

Proper care will extend the life and appearance of your vanity desk:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish or glass. For the mirror, use a glass cleaner and a lint-free cloth.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood and electrical components.
- **Drawer Slides:** Periodically check and clean the drawer slides to ensure smooth operation. Avoid forcing drawers if they stick.
- **Electrical Components:** Ensure all electrical connections are dry and free from debris. Do not attempt to repair electrical components yourself.

TROUBLESHOOTING

If you encounter any issues with your vanity desk, please refer to the following common solutions:

- **Lights Not Working:** Check if the power cord is securely plugged into a functional outlet. Ensure the touch control button on the mirror is activated. If the issue persists, contact customer support.
- **Drawers Sticking:** Inspect the drawer slides for any obstructions or debris. Ensure the drawers are properly aligned on their tracks. Avoid overloading drawers.
- **Charging Station Not Functioning:** Verify the vanity is plugged in and the charging station is receiving power. Test with different devices and cables.
