

MOFT MS028-1-11Pro

MOFT Dynamic Folio Case Instruction Manual

Model: MS028-1-11Pro

1. COMPATIBILITY AND MODEL IDENTIFICATION

This MOFT Dynamic Folio Case is exclusively compatible with the **iPad Pro 11-inch (M5 2025 / M4 2024)**, specifically models A2836 and A2837. Please verify your iPad model before use to ensure proper magnetic attachment and functionality.

How to Find Your iPad Model:

1. **Option 1: Check the back of your iPad.** The model number is printed in small text on the back of the device.
2. **Option 2: Go to Settings.** Navigate to "Settings" > "General" > "About" to find the model name and number of your iPad.

2. PRODUCT FEATURES AND MODES

The MOFT Dynamic Folio Case offers a versatile range of over 20 adjustable viewing angles, designed to enhance your productivity and comfort across various tasks. Its ultra-thin and lightweight design ensures portability without compromising functionality.

Key Features:

- **Dynamic Angles:** Over 20 adjustable angles for seamless transitions between work, creativity, and entertainment.
- **Ergonomic Floating Modes:** Includes 30° and 60° floating modes for comfortable drawing, writing, and viewing.
- **Dual-Screen Creation:** Allows for simultaneous use of your iPad and phone for enhanced workflow.
- **Portrait Mode:** Supports 70° and 80° portrait orientations for reading or video calls.
- **Leg Mount Angle:** Provides a stable viewing angle when using your iPad on your lap.
- **Ultra-Thin & Lightweight:** Designed for portability, adding minimal bulk to your device.
- **Strong Magnetic Attachment:** Utilizes N52 magnets for secure and stable connection.

3. USAGE INSTRUCTIONS

Attaching the Folio Case:

Align your iPad with the magnetic back of the folio case. The strong N52 magnets will securely attach the iPad to the case. Ensure the camera cutout aligns correctly.

Folding for Different Angles:

The Dynamic Folio Case features an origami-inspired design that allows for various folding configurations. Follow the visual guides below to achieve desired angles:

Floating External Screen
Input, output, instant switch.
Raises your iPad for a second display, steady and at an ideal angle. With a flip, you can seamlessly switch between content and creation, enjoying smooth creative flow. 🎨

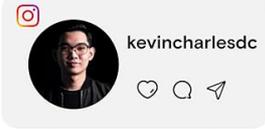

Image: Visual guide for folding the folio to achieve 18°, 15°, 30°, and 45° angles using the line-to-line snap design.

Hands-Free Viewing
Longer enjoyment, lighter iPad feel.
Props up your iPad for shows or inspiration. No more tired arms or neck. The elevation is marathon-watching approved. 🍷

Image: Visual guide for folding the folio to achieve 60° and 30° angles using the circle-to-circle snap design for quick angle changes.

Vertical Reading Mode
Fold. Stand. Read anywhere.
Read e-books and references at just the right height. A secure magnetic fold sets it up instantly, and it travels with you like a slim book—always ready, never in the way. 📖

Optional Modular Pen Holder:

The Modular Pen Holder (not included with the folio) can be magnetically attached to the side of the folio to securely hold your Apple Pencil. It also functions as a ruler.

4. CARE AND MAINTENANCE

To maintain the appearance and functionality of your MOFT Dynamic Folio Case, follow these guidelines:

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the case in a cool, dry place away from direct sunlight.
- **Handling:** While the case is durable, avoid excessive force or sharp objects that could damage the material or magnetic components.

5. TROUBLESHOOTING

Insufficient Magnetic Hold:

If you experience insufficient magnetic hold, please first confirm that your iPad model is correctly matched to the folio case. Magnetic attachment points differ for each model. An incorrect model match can lead to a weaker connection.

Magnetic Strength Verification:

Video: Demonstration of the MOFT Certified Standard Magnetic Strength Test Method to ensure proper magnetic connection.

Actions to Avoid:

To prevent potential damage to your iPad or the folio case, avoid the following actions:
