Taoqimiao MS045W

Taoqimiao MS045W Cat Tower Instruction Manual

Model: MS045W | Brand: Taoqimiao

1. Introduction

Thank you for purchasing the Taoqimiao MS045W Cat Tower. This multi-level cat tree is designed to provide a stimulating and comfortable environment for large cats and multi-cat households. It features various platforms, scratching surfaces, and resting areas to satisfy your cat's natural instincts. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

2. Product Features

The Taoqimiao MS045W Cat Tower offers a comprehensive activity center for your feline companions, standing approximately 183cm (72 inches) tall.

- **Multi-functional Design:** This integrated cat tower includes a large cat house, an extra-large platform, a top perch, a cat hammock, a hanging basket, and a large scratch board. It is designed to accommodate 3 to 6 adult cats simultaneously, providing ample space for play and relaxation.
- **Two Observation Perches:** A spacious low-level cat bed is perfect for daytime naps, while the top perch, at approximately 183cm (72 inches) high, offers a panoramic view, satisfying your cat's natural desire for high vantage points.
- **Spacious Cat House:** Specially designed with generous dimensions, the cat house allows large and extra-large cats to stretch out comfortably. Its fluffy interior ensures a cozy and undisturbed sleeping experience.
- **Sturdy Cat Hammock & Napping Basket:** The metal-framed cat hammock can support up to approximately 13.6kg (30 lbs), and the hanging bed basket adds more comfortable spots for your cats to lounge, whether they prefer to stretch or curl up.
- **Abundant Scratching Options:** Equipped with an integrated scratch board, five sisal scratching poles, two pom-poms with bells, and one silent pom-pom (bonus item), this tower fully addresses your cat's scratching needs, redirecting their attention from your furniture.

3. Package Contents

Please check the package for all listed components. If any parts are missing or damaged, please contact customer support.

Figure 3.1: Exploded view of cat tower components with numbered parts. Refer to this diagram for identifying each piece.

Typically included components:

- Base Plate(s)
- Support Posts (various lengths, some with sisal rope)
- Platforms and Perches
- Cat House(s)
- Hammock and/or Basket
- Scratching Board(s)
- Hanging Toys (pom-poms)
- Hardware Pack (screws, bolts, washers, Allen wrench)
- Anti-tip Strap Kit
- Instruction Manual

4. Setup Instructions

Assembly typically takes about one hour and requires only the included Allen wrench. Follow the numbered diagrams carefully.

1. **Unpack and Identify Parts:** Lay out all components and hardware. Match them with the parts list and diagrams provided in the manual. Ensure all parts are present and undamaged.
2. **Assemble the Base:** Attach the lowest support posts to the base plate using the provided screws and Allen wrench. Ensure they are tightened securely.
3. **Build Upwards:** Continue attaching platforms, cat houses, and additional support posts layer by layer, following the numerical sequence in the assembly diagram. Pay attention to the orientation of each piece.
4. **Install Hammock/Basket:** Secure the hammock and/or basket to their designated posts or platforms as shown in the instructions.
5. **Attach Top Perches and Toys:** Fasten the top perches and any hanging toys.
6. **Install Anti-Tip Strap:** For safety and stability, especially with active or multiple cats, it is highly recommended to install the anti-tip strap. Secure one end to the cat tower and the other to a wall stud using the provided hardware. This prevents accidental tipping.
7. **Final Check:** Once assembled, gently shake the cat tower to ensure all connections are tight and the structure is stable.

Figure 4.1: Anti-tip strap and reinforced base for enhanced stability. Always use the anti-tip strap.

5. Operating Instructions

The Taoqimiao MS045W Cat Tower is designed for indoor use by domestic cats. No specific 'operation' is required beyond providing a safe and engaging environment for your cats.

- **Placement:** Place the cat tower in a stable location, preferably against a wall, and away from high-traffic areas or

objects that could cause it to tip. Ensure it is not near windows that could pose a fall risk if not properly secured.

- **Introduction to Cats:** Allow your cats to explore the tower at their own pace. You can encourage them by placing treats or familiar toys on different levels.
- **Safety:** Regularly inspect the tower for any loose parts, worn sisal, or damage. Tighten screws as needed. Replace any severely damaged components to maintain safety.

6. Maintenance

Regular cleaning and maintenance will extend the life of your cat tower and ensure a hygienic environment for your pets.

- **Daily Cleaning:** Use a lint roller or a small vacuum cleaner to remove loose fur and debris from all surfaces.
- **Spot Cleaning:** For small stains, use a pet-safe fabric cleaner and a damp cloth. Blot the area gently and allow it to air dry completely.
- **Deep Cleaning:** The top perch is designed to be removable and washable. Follow the care instructions on the fabric if available, or hand wash with mild detergent and air dry.
- **Sisal Posts:** Inspect sisal scratching posts for wear. While sisal is durable, heavy use will eventually fray it. Replace posts if they become too worn to be effective.
- **Hardware:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.

Figure 6.2: Removable and washable top perch for hygiene.

7. Troubleshooting

If you encounter any issues with your cat tower, refer to the following common problems and solutions:

- **Instability/Wobbling:**
  - Ensure all screws and bolts are tightened securely.
  - Verify the base is on a flat, level surface.
  - Confirm the anti-tip strap is properly installed and anchored to a wall stud.
- **Cats Not Using the Tower:**
  - Place familiar blankets, toys, or treats on different levels to encourage exploration.
  - Use catnip to attract your cats to the scratching posts and resting areas.
  - Ensure the tower is in a location your cat feels safe and comfortable, away from loud noises or drafts.
- **Strong Odor:**
  - New products may have a slight odor from manufacturing. This typically dissipates within a few days.
  - Ensure good ventilation in the room.
  - If the odor persists, try airing out the components before full assembly, or use a fabric freshener.

8. Specifications

Product Dimensions (L x W x H)	50 cm x 40 cm x 183 cm (19.7 in x 15.7 in x 72 in)
Product Weight	33.95 pounds (approx. 15.4 kg)
Material	Fluffy fabric, Engineered wood, Sisal material
Color	Light Gray
Mounting Type	Floor Mount (Freestanding with anti-tip strap)
Recommended Species	Large Cats
Number of Levels	7

Model Number	MS045W
GTIN/UPC	756383643883

9. Warranty and Support

For warranty information or customer support, please refer to the product packaging or contact Taoqimiao customer service directly through the retailer where the product was purchased. Please retain your proof of purchase for any warranty claims.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
