5. Maintenance

Regular maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Cleaning:** The plush material can be dry cleaned or spot cleaned as needed. For general cleaning, use a vacuum cleaner with a brush attachment to remove loose fur and debris. The top perch is detachable and washable for deeper cleaning.
- **Spot Cleaning:** For spills or stains, use a mild pet-safe cleaner and a damp cloth. Blot the area gently and allow it to air dry completely. Avoid saturating the material.
- **Structural Check:** Periodically inspect all posts, platforms, and connections for any signs of wear or looseness. Tighten screws as necessary to maintain stability.

- **Scratching Surfaces:** Monitor the sisal posts and scratching board for excessive wear. While designed to be durable, heavily used areas may eventually need replacement to continue providing an effective scratching surface.
- **Storage:** If storing the cat tree, ensure it is in a dry place to prevent moisture damage.

6. Troubleshooting

Here are solutions to common issues you might encounter with your cat tree:

Problem	Possible Cause	Solution
Cat tree feels wobbly or unstable.	Loose connections; uneven floor; not secured to wall.	Tighten all screws and bolts. Ensure the tree is on a flat surface. Install the anti-tip kit to secure it to a wall.
Cats are not using the scratching posts.	Preference for other surfaces; unfamiliarity.	Encourage use by sprinkling catnip on the sisal posts or gently guiding your cat's paws to the surface. Place the cat tree in a prominent area.
Cats are not interested in the cat tree.	New environment; preferred resting spots elsewhere.	Place favorite toys or treats on different levels. Spend time playing with your cat near the tree. Ensure it's in a location where your cat feels safe and can observe its surroundings.
Hanging toys are damaged or detached.	Normal wear and tear from play.	Reattach if possible. Replace with new cat-safe toys if heavily damaged to prevent choking hazards.
