KCT XXL Charcoal BBQ Grill User Manual

Model: POC135

INTRODUCTION

Thank you for choosing the KCT XXL Charcoal BBQ Grill. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new barbecue grill. Please read this manual thoroughly before first use and retain it for future reference.

SAFETY INFORMATION

Always follow these safety guidelines to prevent injury or damage:

- Use the grill outdoors only, in a well-ventilated area.
- Keep children and pets away from the hot grill.
- Do not use gasoline, kerosene, or alcohol for lighting or relighting charcoal.
- Always use heat-resistant gloves when handling hot components.
- Ensure the grill is on a stable, level, non-combustible surface.
- Allow the grill to cool completely before cleaning or moving.
- Do not overload the charcoal tray.

SETUP AND ASSEMBLY

The KCT XXL Charcoal BBQ Grill requires assembly. Please refer to the separate assembly instructions provided with your product for detailed step-by-step guidance. Key features to note during setup include:

- **Mobility:** The grill is equipped with durable wheels for easy relocation. Ensure wheels are securely attached.
- **Side Shelves:** The foldable side shelves provide convenient workspace. Ensure they are properly extended and locked into place before use.
- **Storage Area:** Utilize the integrated storage area for your grilling essentials.

2. Heat Control

Achieve optimal grilling results with precise heat control features:

- **Adjustable Airflow Vents:** Control the air intake and exhaust to regulate the burning rate of charcoal and internal temperature.
- **Temperature Gauge:** The built-in thermometer on the lid provides an accurate reading of the internal cooking temperature.
- **Height-Adjustable Grill Tray:** Use the crank mechanism to raise or lower the charcoal tray, bringing the heat closer or further from your food. This allows for direct or indirect cooking and fine-tuning of heat intensity.

MAINTENANCE AND CLEANING

Regular cleaning and maintenance will extend the life of your grill.

1. Ash Removal

The removable ash tray simplifies cleanup after grilling. Ensure the grill is completely cool before removing the tray.

2. General Cleaning

- Clean cooking grates with a wire brush after each use, while still warm.
- Wipe down exterior surfaces with a damp cloth and mild detergent.
- Do not use abrasive cleaners or harsh chemicals.
- Store the grill in a dry, covered area when not in use to protect it from the elements.

TROUBLESHOOTING
