Passky NFM0201101

Passky 20" Fandelier Ceiling Fan with Light Instruction Manual

Model: NFM0201101

1. Safety Information

Read all instructions carefully before installing and operating the fan. Retain this manual for future reference.

- Ensure the power supply is disconnected before installation, cleaning, or maintenance.
- Installation must be performed by a qualified electrician in accordance with local electrical codes.
- Mounting structure must be capable of supporting the fan's weight.
- Do not insert objects into the fan blades while in operation.
- This fan is designed for indoor use only.
- Use only E26 bulbs, maximum 60W per bulb (bulbs not included).

2. Product Overview

The Passky 20" Fandelier Ceiling Fan with Light (Model NFM0201101) combines a ceiling fan with an industrial-style metal cage light fixture. It features a quiet DC motor, reversible airflow, and remote control operation.

Image: Front view of the Passky 20-inch Fandelier Ceiling Fan, showcasing its caged design and integrated lighting.

Key Features:

- **2-in-1 Design:** Combines a ceiling fan with a light fixture, suitable for various decor styles.
- **Quiet DC Motor:** Operates below 35dB, providing strong airflow with minimal noise.

- **Reversible Airflow:** Offers summer mode (downward airflow for cooling) and winter mode (upward airflow for heat distribution).
- **Low Profile Flush Mount:** Ideal for rooms with low ceilings or compact spaces.
- **Full-Function Remote Control:** Adjust fan speeds (6 settings), light on/off, and set timers (1/2/4 hours).
- **E26 Bulb Sockets:** Features 4 standard E26 sockets, compatible with LED, CFL, or incandescent bulbs (bulbs not included).

Image: Diagram illustrating the quiet operation of the fan, showing noise levels compared to common sounds like breathing or library noise.

3. Package Contents

Verify that all components are present before beginning installation.

- Fandelier Ceiling Fan Unit
- Remote Control
- Mounting Hardware Kit
- Instruction Manual
- (Note: E26 bulbs are not included and must be purchased separately.)

4. Installation Instructions

Important: Before starting, ensure the power is turned off at the circuit breaker. Consult a qualified electrician if you are unsure about any steps.

1. **Prepare the Mounting Location:** Ensure the electrical box is securely mounted and capable of supporting the fan's weight.
2. **Install the Mounting Bracket:** Attach the mounting bracket to the electrical box using the provided screws.
3. **Wire the Fan:** Connect the fan's electrical wires to the household wiring according to the wiring diagram in the detailed manual (not provided here, but implied for a full manual). Ensure all connections are secure.
4. **Attach the Fan Body:** Carefully lift the fan body and secure it to the mounting bracket.
5. **Install Light Bulbs:** Screw four E26 base bulbs (not included) into the sockets.
6. **Restore Power:** Once installation is complete and all connections are checked, restore power at the circuit breaker.

For detailed wiring diagrams and step-by-step illustrations, refer to the comprehensive installation guide included with your

product packaging.

5. Operating Instructions

Your Passky Fandelier is operated using the included remote control. Ensure the remote has working batteries installed.

Remote Control Functions:

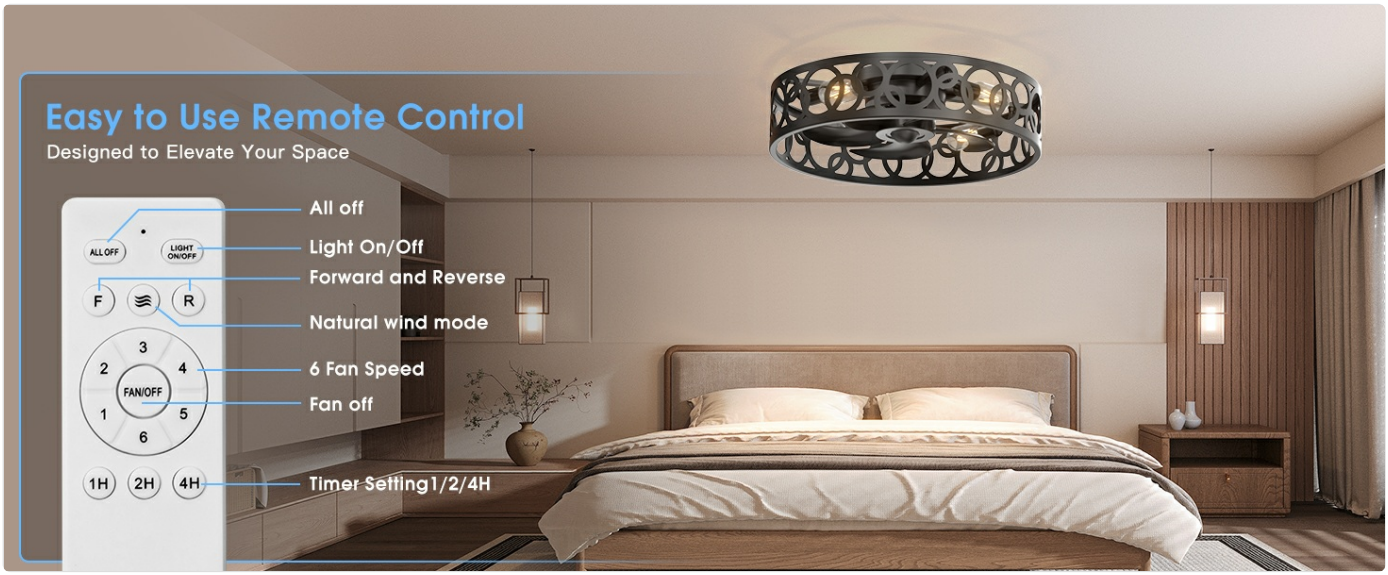

Image: Detailed layout of the remote control for the Passky Fandelier, showing buttons for light, fan speed, direction, and timer.

- **ALL OFF:** Turns off both the fan and the light.
- **LIGHT ON/OFF:** Toggles the light on or off.
- **F (Forward):** Sets the fan to forward rotation (Summer Mode - downward airflow).
- **R (Reverse):** Sets the fan to reverse rotation (Winter Mode - upward airflow).
- **Fan Speed Buttons (1-6):** Select desired fan speed from 1 (lowest) to 6 (highest).
- **FAN OFF:** Turns off the fan.
- **Timer Buttons (1H, 2H, 4H):** Sets the fan to turn off automatically after 1, 2, or 4 hours.

Reversible Airflow (Summer/Winter Mode):

The fan features a reversible DC motor to optimize comfort year-round.

Image: Illustration showing the fan operating in Summer Mode (downward airflow) and Winter Mode (upward airflow) to circulate air

effectively.

- **Summer Mode (Forward Rotation):** Press the "F" button. Blades rotate counter-clockwise, creating a downward breeze for cooling.
- **Winter Mode (Reverse Rotation):** Press the "R" button. Blades rotate clockwise, drawing air up towards the ceiling to help distribute warm air.

Official Product Video: Remote Control Usage

Your browser does not support the video tag.

Video: Demonstrates how to use the remote control to operate the Passky Fandelier, including turning the light on/off, adjusting fan speeds, and changing rotation direction.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your fan.

- **Cleaning:** Before cleaning, ensure power is off. Wipe the fan and light fixture with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure power is off before replacing bulbs. Allow old bulbs to cool completely. Use only E26 base bulbs, maximum 60W.
- **Tighten Fasteners:** Periodically check and tighten all screws and fasteners to prevent noise and ensure safe operation.

7. Troubleshooting

If you encounter issues, refer to the following common solutions:

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery dead.	Check circuit breaker; Verify wiring connections; Replace remote control battery.
Light does not turn on	Bulb faulty or loose; No power supply; Wiring issue.	Replace bulb; Check circuit breaker; Verify wiring connections.
Fan makes unusual noise	Loose screws; Mounting bracket not secure.	Tighten all screws; Ensure mounting bracket is firmly attached to the ceiling.
Remote control not working	Battery dead; Remote out of range; Interference.	Replace battery; Ensure remote is within operating range; Remove potential sources of interference.

If the problem persists after trying these solutions, please contact customer support.

8. Specifications

Feature	Detail
Model Number	NFM0201101
Brand	Passky

Feature	Detail
Dimensions	20 inches (Diameter) x 8 inches (Height)
Material	Metal (Fixture), Plastic (Shade)
Color	Black
Control Method	Remote Control
Fan Speeds	6
Timer Settings	1H, 2H, 4H
Light Source	4 x E26 Bulb Sockets (Bulbs not included)
Max Wattage per Bulb	60W
Compatible Bulb Types	LED, CFL, Incandescent
Noise Level	Below 35dB
Indoor/Outdoor Usage	Indoor
Recommended Room Size	Height: 7-10 ft; Length & Width: 8 ft x 8 ft (approx.)
