Brand: VINGLI

Introduction and Safety Information

Thank you for choosing the VINGLI Outdoor Side Table with Storage. This manual provides essential information for the safe assembly, operation, and maintenance of your product. Please read it thoroughly before use and retain it for future reference.

Important Safety Warnings:

- Always assemble the product strictly according to the provided instructions.
- Do not exceed the maximum weight limit of 110 lbs (50 kg) on the tabletop.
- Keep the product away from excessive water or liquids to prevent damage to stored items and the product itself.
- Exercise caution when handling components during assembly to avoid injury from sharp edges.
- Ensure the lid is fully closed when not accessing the storage compartment to protect contents.

Product Overview

The VINGLI Outdoor Side Table with Storage is designed to offer both a functional surface and convenient storage for your outdoor living space. Constructed from UV-resistant PE wicker and a powder-coated iron frame, it ensures durability and longevity in various weather conditions.

Setup and Assembly

The VINGLI Outdoor Side Table requires assembly. All necessary tools, hardware, and an easy-to-follow assembly guide are included in the package. Please ensure all components are present before beginning assembly.

Assembly Steps:

1. Unpack all components and verify against the parts list in the included assembly guide.
2. Follow the step-by-step instructions provided in the assembly guide to construct the frame.
3. Attach the wicker panels to the frame as directed.
4. Install the lid and the air springs, ensuring they are correctly oriented for smooth operation. Refer to the guide for specific placement of the pneumatic lever.
5. Tighten all screws securely, but do not overtighten.
6. Place the foot pads on the bottom of the table legs to protect surfaces.

For detailed visual instructions, please refer to the dedicated assembly guide included with your

product.

Operating Instructions

The VINGLI Outdoor Side Table is designed for straightforward use as both a surface and a storage unit.

Using as a Side Table:

- Place the table on a flat, stable surface.
- Use the tabletop for placing beverages, snacks, books, or decorative items.
- Ensure the weight on the tabletop does not exceed 110 lbs (50 kg).

Using the Storage Compartment:

- To open the storage compartment, gently lift the lid. The integrated air springs will assist in a smooth opening motion and hold the lid in an open position.
- Store items such as small pool toys, furniture covers, garden tools, or cushions within the 13-gallon capacity.

- To close the storage compartment, gently push the lid down. The air springs will provide a controlled closing motion.
- Avoid forcing the lid open or closed, as this may damage the air springs.

Maintenance and Care

Proper care will extend the life and appearance of your VINGLI Outdoor Side Table.

Cleaning:

- Wipe the surface with a dry or damp cloth to remove dust and light dirt.
- For more stubborn dirt, use a mild soap solution and a soft cloth, then rinse with clean water and dry thoroughly.
- Avoid using harsh chemicals, abrasive cleaners, or stiff brushes, as these can damage the PE

wicker and frame finish.

General Care:

- While the product is UV-resistant, prolonged exposure to direct sunlight and extreme weather conditions may cause fading over time. Consider using a furniture cover during harsh weather or off-season storage.
- Regularly check all screws and connections to ensure they remain tight. Retighten if necessary.
- Keep the storage compartment dry to prevent mold or mildew on stored items.

Troubleshooting

If you encounter any issues with your VINGLI Outdoor Side Table, please refer to the following common solutions:

Lid Does Not Close Evenly or Is Skewed:

- **Check Assembly:** Ensure all frame components are correctly aligned and fully tightened. Uneven assembly can cause misalignment.
- **Hinge Adjustment:** Inspect the hinges and air springs. Loosen screws slightly, adjust the lid to sit evenly, then retighten. Ensure the pneumatic lever is installed on the correct side as per the assembly guide.

Lid Does Not Stay Open or Closes Too Quickly:

- **Air Spring Installation:** Verify that the air springs are installed correctly and securely. Ensure they are not damaged or obstructed.
- **Obstructions:** Check for any items inside the storage compartment that might be interfering with the lid's movement.

Table Feels Unstable:

- **Tighten Fasteners:** Ensure all screws and bolts are fully tightened.
- **Level Surface:** Place the table on a flat, level surface. Uneven ground can cause instability.
- **Foot Pads:** Verify that all foot pads are properly attached and intact.

If these steps do not resolve the issue, please contact VINGLI customer support for further assistance.
