# DREAMSIDEA Swivel Rocker Recliner Chair Instruction Manual

Model: SF20251010B0F8HTTBCR

## INTRODUCTION

Thank you for choosing the DREAMSIDEA Swivel Rocker Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Please read all instructions carefully before use and retain this manual for future reference.

This chair is designed to provide comfort and versatility with its rocking, swiveling, and reclining functions. It features a floral fabric upholstery and is suitable for various living spaces.

## SAFETY INFORMATION

- **Maximum Weight Capacity:** Do not exceed the maximum weight capacity of 220 pounds (approximately 100 kg).
- **Assembly:** Ensure the chair is properly assembled according to the instructions to avoid any hazards.
- **Children and Pets:** Keep children and pets away from the reclining mechanism to prevent injury.
- **Placement:** Place the chair on a level surface. Ensure adequate space around the chair for reclining and swiveling.
- **Moving the Chair:** When moving the chair, ensure the footrest is fully retracted and the chair is in the upright position. Lift the chair rather than dragging it to prevent damage to the base or flooring.

## SETUP AND ASSEMBLY

The DREAMSIDEA Swivel Rocker Recliner Chair is designed for quick and easy assembly, typically taking around 5 minutes with only 4 main parts. No special tools are required beyond what may be provided.

## Assembly Steps:

1. Unpack all components from the box. Verify all parts are present according to the packing list.
2. Attach the side panels to the main seat base. These typically slide into metal brackets on the base. Ensure they are securely locked into place.
3. Slide the backrest onto the corresponding metal brackets on the seat base. Push down firmly until it clicks into position.
4. Attach the wooden handle for the reclining mechanism to the designated slot on the side of the chair.
5. Place the lumbar pillow (if included) for added comfort.

Once assembled, gently test all functions (rocking, swiveling, reclining) to ensure proper operation before regular use.

## OPERATING INSTRUCTIONS

## Reclining Function:

To recline the chair, locate the lever or switch on the side of the chair (typically on the right side). Pull the lever to release the footrest, which will automatically extend. To further recline the backrest, gently push back with your body weight until you reach your desired comfortable tilt. To return to the upright position, push the footrest back with your feet and lean forward; the backrest will follow your body's movement, and the footrest will retract.

Figure 2: Practical Manual Recline Swivel Functions. This image demonstrates the various recline positions, from upright sitting to a relaxed napping angle, highlighting the ease of adjustment.

## Swivel Function:

The chair is equipped with a 360-degree rotatable metal base, allowing for smooth and soft swiveling. Simply rotate the chair in any direction to adjust your view or position without needing to move the entire chair.

Figure 3: 360 Degree Free Rotation. This image visually confirms the chair's ability to rotate fully, providing flexibility in any room setting.

### Rocking Function:

The rocker function allows for a gentle back-and-forth motion, providing a soothing experience. This feature is integrated into the base, working in conjunction with the swivel mechanism to offer a comfortable and relaxing leisure time.

## CARE AND MAINTENANCE

---

## Upholstery Care:

The chair features high-quality cotton linen fabric upholstery, known for being skin-friendly, durable, and breathable. To maintain its appearance and longevity:

- **Regular Cleaning:** Vacuum regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner following the product instructions, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position the chair away from direct sunlight or use curtains/blinds.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the fabric.

## Mechanism Care:

- **Lubrication:** Periodically check the reclining and swivel mechanisms. If any squeaking or stiffness occurs, apply a silicone-based lubricant to moving parts.
- **Tighten Fasteners:** Over time, fasteners may loosen. Periodically check and tighten all bolts and screws to ensure stability.

## Top Quality Cotton Linen Fabric Upholstery

The outside is covered in fine quality cotton linen fabric, which gives the chair qualities skin friendly, durable, and very breathable.

## TROUBLESHOOTING

- **Chair does not recline smoothly:** Check for any obstructions around the mechanism. Ensure all assembly bolts are tightened. Apply lubricant to moving parts if necessary.
- **Chair feels unstable or wobbly:** Verify that all parts are correctly assembled and all fasteners are securely tightened.
- **Squeaking noises:** Apply a silicone-based lubricant to the moving parts of the rocking and swivel mechanisms.
- **Footrest does not retract:** Ensure there are no obstructions. Apply firm pressure with your feet while leaning forward to engage the retraction mechanism.

If you encounter issues not listed here or if the problem persists, please contact DREAMSIDEA customer support for assistance.

## SPECIFICATIONS

Feature	Detail
Brand	DREAMSIDEA
Model Number	SF20251010B0F8HTTBCR
