# Hey-brother Cat Tree Tower MPJ070G: User Manual

Model: MPJ070G

## 1. INTRODUCTION

Thank you for choosing the Hey-brother Cat Tree Tower MPJ070G. This multi-level cat tree is designed to provide a comfortable and engaging environment for your feline companions, especially large adult cats and Maine Coons. It features enlarged platforms, a spacious condo, cozy hammocks, and a self-grooming brush to satisfy your cat's natural instincts for play, rest, and grooming.

Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

## 2. SAFETY INFORMATION

- Ensure all parts are securely fastened during assembly to prevent instability.
- Place the cat tree on a flat, stable surface to minimize the risk of tipping.
- Utilize the included anti-tip straps to secure the cat tree to a wall, especially if you have multiple or very active cats.
- Regularly inspect the cat tree for loose parts, wear, or damage. Tighten screws and replace worn components as needed.
- Keep small children away from the assembly area to avoid choking hazards from small parts.
- This product is designed for indoor use only.
- Do not allow cats to chew on non-sisal components, as this could lead to ingestion of materials.

## 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your cat tree. It is recommended to have a second person assist with assembly for stability.

- 1. Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list to ensure everything is present.
- 2. Attach Base Posts:** Secure the first set of scratching posts to the base board using the provided screws and Allen wrench. Ensure they are tightened firmly.
- 3. Install First Platform:** Place the first large platform onto the attached posts and secure it with screws from underneath.
- 4. Assemble Condo:** Construct the cat condo walls and roof, then attach it to the first platform.
- 5. Add Second Level Posts and Platform:** Continue by attaching the next set of scratching posts to the first platform, then secure the second platform on top.
- 6. Attach Hammocks:** Fasten the two hammocks to the designated points on the structure, ensuring they are securely suspended.
- 7. Install Upper Posts and Top Perch:** Attach the remaining scratching posts and then the top perch, which serves as an extra-large platform.
- 8. Mount Self-Grooming Brush:** Secure the self-grooming brush to one of the lower posts or the side of the condo as desired.
- 9. Attach Dangling Toys:** Hook the dangling balls to the designated loops on the platforms.
- 10. Final Tightening and Stability Check:** Once fully assembled, re-tighten all screws. Gently shake the cat tree to ensure it is stable.
- 11. Secure with Anti-Tip Straps:** Attach the anti-tip straps to the top of the cat tree and secure them to a wall stud using appropriate hardware (not always included, may require separate purchase depending on wall type).

## 5. OPERATING INSTRUCTIONS (USAGE)

The Hey-brother Cat Tree Tower is designed to provide a comprehensive activity center for your cats.

- **Climbing and Exploration:** The tiered design and multiple platforms allow cats of all ages, including kittens and elderly cats, to easily climb and explore.
- **Scratching:** The sisal-wrapped posts are intended for scratching, helping to maintain claw health and redirect scratching behavior away from furniture.
- **Resting and Napping:** The spacious condo, large platforms, and cozy hammocks offer various comfortable spots for your cats to rest, nap, and observe their surroundings.

- **Self-Grooming:** The integrated self-grooming brush provides a convenient tool for your cat to rub against, helping to remove loose fur and provide a gentle massage.
- **Play:** Dangling toys encourage playful interaction and exercise.

## 6. MAINTENANCE

Proper maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Cleaning:** The plush fabric components should be hand washed only. Use a mild detergent and cold water. Allow to air dry completely before reassembly or use.
- **Spot Cleaning:** For minor spills or stains, use a damp cloth with a pet-safe cleaner.
- **Vacuuming:** Regularly vacuum the cat tree to remove loose fur and dust.
- **Sisal Posts:** The sisal scratching posts are designed to withstand scratching. If they become heavily frayed, they may need to be replaced to maintain their effectiveness.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as necessary to

maintain stability.

## 7. TROUBLESHOOTING

| Problem                                | Possible Cause                                          | Solution                                                                                                |
|----------------------------------------|---------------------------------------------------------|---------------------------------------------------------------------------------------------------------|
| Cat tree is wobbly/unstable.           | Loose screws; uneven surface; anti-tip straps not used. | Ensure all screws are tightened. Place on a flat, level surface. Secure with anti-tip straps to a wall. |
