3. INITIAL SETUP

1. **Unpack:** Carefully remove the comforter set from its packaging.
2. **Fluff:** Due to vacuum sealing for shipping, the comforter and pillow may appear compressed. Gently shake and fluff the comforter and decorative pillow to help them regain their loft. Allow a few hours for them to fully expand.
3. **Place on Bed:** Position the comforter on your bed. Insert your pillows into the shams and place them on the bed. Arrange the decorative pillow as desired.

4. CARE AND MAINTENANCE

Proper care will help maintain the quality and longevity of your comforter set. The set is machine washable for easy care.

Washing Instructions:

- Wash in cold water on a gentle cycle.
- Use a large capacity washing machine to allow for free movement of the comforter.
- Do not bleach.
- Wash with similar colors.

Drying Instructions:

- Tumble dry on low heat.
- Remove promptly to avoid wrinkles.
- For best results and to maintain fluffiness, use dryer balls.
- Do not iron.

Storage:

Store the comforter set in a cool, dry place when not in use. Ensure it is completely dry before storing to prevent mildew.

5. TROUBLESHOOTING

- **Comforter appears flat after unpacking:** This is normal due to vacuum packaging. Allow 24-48 hours for the comforter to fully expand. Gentle shaking and fluffing can accelerate this process.
- **Wrinkles:** Minor wrinkles can be removed by tumble drying on low heat with a few dryer balls, or by allowing the comforter to hang freely for a period.
- **Pilling:** To minimize pilling, especially on the sherpa side, avoid harsh detergents and excessive friction during washing.
