

CAROMIO BM-P0211C

CAROMIO Heated Throw Blanket Instruction Manual

MODEL: BM-P0211C

1. Introduction and Overview

This manual provides essential information for the safe and effective use of your CAROMIO Heated Throw Blanket. Please read all instructions carefully before use and retain for future reference.

The CAROMIO Heated Throw Blanket features a tufted cable pattern and is crafted with thickened 240GSM jacquard long plush sherpa on one side and 220GSM sherpa on the other, offering exceptional softness and comfort. It incorporates an enhanced heating system with upgraded and 10% extended heating wires for a larger heating area and rapid, consistent warmth.

2. Safety Information

Your safety is our top priority. This electric throw blanket is ETL and FCC certified and equipped with intelligent NTC&PTC heating wires. These wires continuously monitor and regulate the temperature in real-time, ensuring a safe and reliable heating experience. It also includes an automatic overheat protection and shut-off feature.

- Do not fold or bunch the heated blanket during use to avoid overheating.
- Ensure the blanket is spread flat when in use.
- Always disconnect the power cord from the wall outlet when not in use or before cleaning.

OVERHEAT PROTECTION WARM PROTECTION

3. Setup

1. Unpack the heated throw blanket and lay it flat.
2. Locate the connector on the blanket and firmly plug in the control unit.
3. Plug the power cord from the control unit into a standard 110V-120V AC wall outlet.
4. Ensure the blanket is not folded, bunched, or tucked in when connected to power.

4. Operating Instructions

Your CAROMIO Heated Throw Blanket features an LCD controller for easy operation.

- **Power On/Off:** Press the power button on the controller to turn the blanket on or off.
- **Heat Settings:** The blanket offers 10 heat settings. Use the '+' and '-' buttons to adjust the temperature to your desired level. The maximum temperature can reach 122°F.
- **Timer Settings:** The blanket includes 1-10 hour auto-off timer settings. Press the timer button to cycle through the available shut-off times. The blanket automatically shuts off after 8 hours during first use.
- **Placement:** The long power cord allows for comfortable use in various areas of your home, such as on a sofa, bed, or while working.

5. Maintenance

Keeping your electric heated throw blanket clean is effortless. Always remove the heating controller before washing.

- **Washing:** Machine wash the blanket in cold water on a gentle cycle.
- **Drying:** Tumble dry on a low-temperature setting. After washing, gently stretch the blanket back to its original size for optimal performance. Do not bleach or iron.
- Do not use commercial dryers or dryers at your local laundromat, as they may be too hot and damage the wiring.

AFTER-SALES MAINTENANCE

-  **24-HOUR AFTER-SALES SERVICE**
-  **1-YEAR SERVICE COVERAGE**
-  **MACHINE WASHING PRECAUTIONS:**
Tumble Dry Low
Do Not Bleach/Iron

6. Troubleshooting

If your heated blanket is not functioning as expected, please check the following:

- Ensure the controller is securely connected to the blanket and the power cord is firmly plugged into a working wall outlet.
- Verify that the blanket is laid flat and not folded, bunched, or tucked in, as this can prevent proper heating or trigger safety features.
- If the product does not produce enough heat or does not work, and you've checked the above, please contact customer service.

7. Specifications

Feature	Detail
Brand	CAROMIO
Model Name	OB20-001A
Item Model Number	BM-P0211C
Material	Sherpa (Polyester)
Size (Current Variant)	Throw 50"x60"
