FUFU&GAGA Black Vanity with Lighted Mirror

FUFU&GAGA Vanity Set User Manual

Model: Black Vanity with Lighted Mirror

PRODUCT OVERVIEW

The FUFU&GAGA Vanity Set with Rectangular Mirror is a versatile and stylish furniture piece designed for makeup application and personal grooming. It features ample storage, a lighted mirror with adjustable settings, and a comfortable cushioned stool. This manual provides detailed instructions for assembly, operation, and maintenance to ensure optimal use and longevity of your vanity set.

SETUP AND ASSEMBLY

Your FUFU&GAGA Vanity Set requires assembly. All necessary parts and a detailed product manual are included in the package. Hardware components are labeled for easy identification. Please ensure all parts are received and intact before beginning assembly.

Before You Begin:

- Unpack all components and verify against the parts list in the included manual.
- Clear a spacious area for assembly.
- Gather necessary tools (e.g., screwdriver, hammer) if not provided.

Assembly Steps:

1. Follow the step-by-step instructions provided in the separate product manual.
2. Assemble the main vanity desk frame, ensuring all connections are secure.
3. Install the drawers into their respective slots.
4. Attach the rectangular mirror unit to the vanity desk.

5. Assemble the cushioned stool. Note: The stool cushion may require creating your own holes for attachment, as noted in some user experiences.
6. Connect the lighted mirror to a power source as per the manual's electrical instructions.

OPERATING INSTRUCTIONS

Lighted Mirror Operation:

The rectangular mirror features integrated lighting with three adjustable color settings to suit various lighting needs and preferences.

- **Power On/Off:** Locate the touch-sensitive power button on the mirror surface. Tap once to turn the lights on or off.
- **Adjusting Light Settings:** With the lights on, tap the power button repeatedly to cycle through the three available light color settings: Cool, Natural, and Warm.

3 Color Lighting

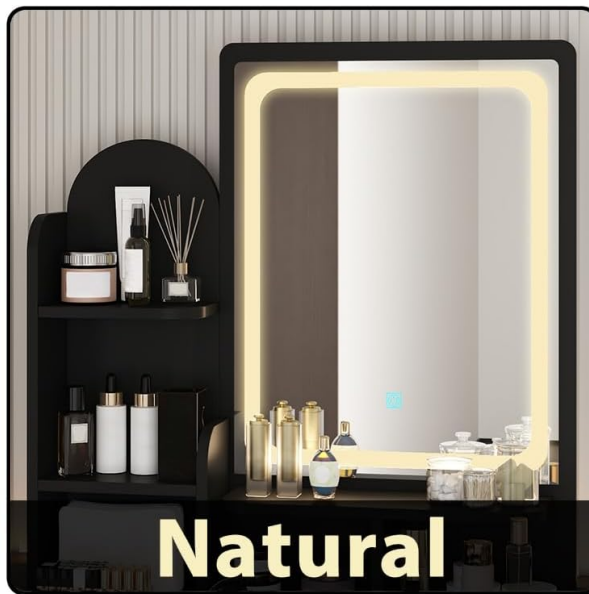

Figure 5: The lighted mirror offers three distinct color temperatures: Cool, Natural, and Warm, for optimal illumination.

Storage Capacity:

The vanity set is designed with ample storage to organize your beauty essentials.

- **Drawers:** The vanity includes five drawers for concealed storage of cosmetics, skincare products, and accessories.
- **Desktop Shelves:** Open shelves on the desktop provide convenient access and display space for frequently used items.

MAINTENANCE AND CARE

Proper care will extend the life and maintain the appearance of your vanity set.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors. Spray cleaner onto a cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If drawers become stiff, a small amount of silicone lubricant can be applied to the slides.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or damage to the finish.
- **Weight Distribution:** Distribute weight evenly across the vanity surface and within drawers to prevent warping or structural stress.

TROUBLESHOOTING

If you encounter any issues with your vanity set, please refer to the following common solutions:

- **Assembly Difficulties:** If you find the assembly instructions unclear or parts do not fit, double-check the part numbers and orientation against the manual. Ensure all hardware is correctly aligned before tightening. Do not force components.
- **Damaged Parts:** If any parts arrived chipped or damaged, do not proceed with assembly. Contact customer support for replacement parts.
- **Lighted Mirror Not Working:**
 - Ensure the vanity is properly plugged into a functional power outlet.
 - Check if the power button on the mirror is being pressed correctly.
 - Verify that all electrical connections made during assembly are secure.
- **Drawers Sticking:** Ensure drawers are installed correctly on their slides. Check for any obstructions within the drawer or on the slides.

SPECIFICATIONS

Attribute	Detail
