Black Shark GS3 Sport

Black Shark GS3 Sport Smartwatch User Manual

Model: GS3 Sport | Brand: Black Shark

Introduction

The Black Shark GS3 Sport Smartwatch is a robust and feature-rich wearable designed for active lifestyles. It boasts a vibrant 1.43-inch AMOLED display, military-grade durability, and comprehensive health monitoring capabilities. With over 120 sports modes and precise GPS tracking, it is an ideal companion for various physical activities. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your smartwatch.

Setup

1. Initial Charging

Before first use, fully charge your Black Shark GS3 Sport Smartwatch.

1. Connect the magnetic charging cable to the charging port on the back of the smartwatch.
2. Plug the USB end of the cable into a standard USB power adapter (not included) or a computer's USB port.
3. The watch display will indicate charging status. Allow approximately 2 hours for a full charge.

2. App Installation and Pairing

To unlock the full potential of your smartwatch, download and install the companion application on your smartphone.

1. Scan the QR code provided in the quick start guide (if available) or search for "Shark Fitlife" in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install the "Shark Fitlife" application.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. Enable Bluetooth on your smartphone.
5. In the "Shark Fitlife" app, navigate to the device pairing section and select "Add Device".
6. Select "Black Shark GS3 Sport" from the list of available devices.
7. Confirm the pairing request on both your smartphone and the smartwatch.

Once paired, the smartwatch will synchronize data with the app, and you can customize settings, view health data, and manage notifications.

Operating Instructions

Display and Navigation

The Black Shark GS3 Sport features a vibrant 1.43-inch AMOLED display with a resolution of 466x466 pixels and 326 PPI, ensuring clear visuals. The 60Hz refresh rate provides a smooth user experience.

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and widgets. Tap to select.
- **Physical Buttons:** The watch is equipped with multiple physical buttons for quick access to functions. Refer to the watch face for specific button labels (e.g., HOME, LIGHT, MODE).

Bluetooth Calling with ENC

Make and receive calls directly from your wrist thanks to the built-in microphone and speaker with Environmental Noise Cancellation (ENC).

- Ensure your smartwatch is connected to your smartphone via Bluetooth.
- When a call comes in, you can answer or reject it from the watch screen.
- To make a call, access the call function on the watch and select a contact or dial a number.

Sports Modes and GPS Tracking

The smartwatch supports over 120 sports modes and features an independent GNSS chip for precise location tracking.

- Access the "Workout" or "Sports" menu on your watch.
- Select your desired activity (e.g., running, cycling, swimming).
- The watch will automatically detect and utilize GPS, BeiDou, GLONASS, QZSS, and GALILEOGPS for accurate route and distance tracking.
- View detailed workout summaries in the "Shark Fitlife" app.

Health Monitoring

Monitor your health with 24/7 heart rate tracking, blood oxygen saturation (SpO2), stress levels, and comprehensive sleep analysis.

- **Heart Rate:** The watch continuously monitors your heart rate. View real-time data on the watch or historical trends in the app.
- **Blood Oxygen:** Measure your SpO2 levels on demand.
- **Sleep Tracking:** Automatically tracks sleep stages (deep, light, REM) and provides a sleep quality score.
- **Women's Health Management:** Track menstrual and ovulation cycles through the "Shark Fitlife" app.

24-Hour Health Monitoring

Equipped with a high-precision heart rate and blood oxygen sensor, and featuring a Finel optical lens, combined with intelligent algorithms to monitor your heart rate fluctuations 24/7.

Customization: Watch Faces

Personalize your smartwatch with over 200 stylish watch faces available through the "Shark Fitlife" app.

- Open the "Shark Fitlife" app.

- Navigate to the "Watch Faces" section.
- Browse and select your preferred watch face to synchronize it to your smartwatch.

Built-in LED Flashlight

The smartwatch includes a convenient LED flashlight on the side, offering four brightness levels for use in low-light conditions or during nighttime adventures.

- Locate the dedicated "LIGHT" button on the side of the watch.
- Press the button to activate the flashlight. Subsequent presses may cycle through brightness levels or turn it off.

Other Smart Features

The Black Shark GS3 Sport Smartwatch offers additional functionalities for daily convenience:

- **Games:** Engage with simple games directly on your wrist.
- **Weather:** Get real-time weather updates.
- **Camera Control:** Remotely control your smartphone's camera.
- **Music Control:** Manage music playback on your paired smartphone.
- **Alarm:** Set alarms for reminders.
- **Stopwatch & Timer:** Utilize precise timing tools.

- **Calculator:** Perform basic calculations on the go.

Maintenance

Cleaning Your Smartwatch

To ensure optimal performance and hygiene, regularly clean your smartwatch.

- Wipe the display and watch body with a soft, lint-free cloth.
- For stubborn smudges, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts periodically to ensure proper charging.
- Rinse the straps with clean water after intense workouts or exposure to sweat/dirt, then dry thoroughly.

Water Resistance

The Black Shark GS3 Sport Smartwatch features 50m water resistance, making it suitable for swimming and showering.

- Do not use the watch for diving or high-pressure water activities.
- Avoid exposing the watch to hot water, steam, or detergents, as this may compromise the water seal.
- After exposure to saltwater, rinse the watch with fresh water and dry it thoroughly.

Battery Life Optimization

The smartwatch offers an 18-day battery life in daily use mode and up to 35 days in power-saving mode.

- To extend battery life, consider reducing screen brightness, limiting continuous heart rate monitoring, and disabling unnecessary notifications.
- Utilize the power-saving mode when extended battery life is critical.

Troubleshooting

If you encounter issues with your Black Shark GS3 Sport Smartwatch, refer to the following common solutions:

Problem	Possible Solution
Watch not turning on or charging	Ensure the charging cable is securely connected to both the watch and the power source. Try a different USB port or power adapter. Clean the charging contacts on the watch.

Problem	Possible Solution
Cannot pair with smartphone	Ensure Bluetooth is enabled on your smartphone and the watch. Restart both devices. Forget the device in your phone's Bluetooth settings and try pairing again through the "Shark Fitlife" app.
Inaccurate GPS tracking	Ensure you are in an open area with a clear view of the sky. Allow the watch sufficient time to acquire a GPS signal before starting an activity. Update the watch firmware via the "Shark Fitlife" app.
Health data seems incorrect	Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Clean the sensor on the back of the watch. Consult a medical professional for accurate health measurements.
Notifications not appearing	Check notification settings in the "Shark Fitlife" app and your smartphone's system settings. Ensure the app has necessary permissions. Keep the app running in the background.
Watch is unresponsive	Perform a force restart by pressing and holding the power button (or a combination of buttons, refer to specific watch instructions if available) for approximately 10-15 seconds until the watch restarts.

For further assistance, please refer to the official Black Shark support resources.

Specifications

Feature	Detail
Model	GS3 Sport
Display	1.43-inch AMOLED, 466x466 resolution, 326 PPI, 60Hz Refresh Rate, up to 600 nits brightness
