ganopterygon G128 Smart Watch User Manual

Your Guide to a Healthier, More Connected Lifestyle

1. INTRODUCTION

Thank you for choosing the ganopterygon G128 Smart Watch. This device is designed to enhance your daily life with its advanced features, including a vibrant HD display, comprehensive health monitoring, extensive sports modes, and convenient Bluetooth calling. This manual provides detailed instructions to help you set up, operate, and maintain your new smartwatch.

2. WHAT'S IN THE Box

Upon unboxing your ganopterygon G128 Smart Watch, please verify that all components are present:

- Smart Watch (x1)
- Silicone Strap (x1)
- Magnetic Charging Cable (x1)
- User Manual (x1)

Figure 2.1: Package Contents and Watch Dimensions

3. SETUP GUIDE

3.1 Charging the Smart Watch

Before first use, fully charge your G128 Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included).

- **Charging Time:** Approximately 2.5 hours for a full charge.
- **Battery Life:** Up to 7 days with normal use, 25 days standby. A 20-minute charge can provide 24 hours of usage.

3.2 App Installation and Pairing

To unlock the full potential of your G128 Smart Watch, download and connect it with the companion app on your smartphone.

1. **Download the App:** Scan the QR code in the manual or search for "Da Fit" in your phone's app store (Google Play Store for Android, Apple App Store for iOS).
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open Da Fit App:** Launch the app and follow the on-screen instructions to create an account or log in.

4. **Add Device:** In the app, navigate to the device section and select "Add Device" or "Bind Device".
5. **Find G128:** The app will scan for nearby devices. Select "G128" from the list.
6. **Pair:** A Bluetooth pairing request will appear on your phone. Confirm the pairing.
7. **Sync Data:** Once paired, the watch will sync with your phone, allowing you to receive notifications and track data.

4. OPERATING INSTRUCTIONS

4.1 Display and Customization

The G128 Smart Watch features a 2.01-inch HD touchscreen display. You can customize the watch face to suit your style and preferences through the Da Fit app.

- **Navigation:** Swipe left/right, up/down to access different functions and menus. Tap to select.
- **Watch Faces:** Choose from a variety of built-in watch faces or download more from the app's watch face market. You can even set a custom photo as your watch face.

4.4 Sports Modes

The G128 Smart Watch supports over 120 professional sports modes, accurately tracking your activity data.

- **Activity Tracking:** Monitors steps, distance, calories burned, and performance metrics.
- **GPS Tracking:** Utilizes your smartphone's GPS to map routes during outdoor activities.

123 Sports Modes

All-day activity data tracking

🔥 Calories: **635** Kcal

📍 Distance: **1.8** Km

⌚ Time: **00:25:33**

👣 Steps: **5640**

Figure 4.4: 120+ Sports Modes

4.5 Precision Health Monitoring

Utilize advanced optical sensors for 24/7 health insights.

- **Heart Rate Monitoring:** Tracks your heart rate continuously throughout the day.
- **Sleep Monitoring:** Analyzes your sleep stages (Deep/Light/REM) to help you understand your sleep patterns.
- **Women's Health:** Provides menstrual cycle tracking.

24 Hour Health Management

Monitor and track your health data 24/7

4.6 Other Practical Functions

The G128 Smart Watch offers a range of additional features for convenience:

- **Weather Forecasts:** Get real-time weather updates.
- **Music Playback Control:** Control music on your phone directly from your watch.
- **Phone Camera Remote:** Use your watch as a remote shutter for your phone's camera.
- **Sedentary Reminders:** Get alerts to move after periods of inactivity.
- **Alarm Clock:** Set alarms directly on your watch.
- **Calculator:** Perform basic calculations.
- **Find Phone:** Locate your misplaced phone by making it ring.
- **Breathing Training:** Guided breathing exercises for relaxation.
- **Games:** Enjoy simple games directly on your watch.

5. MAINTENANCE

5.1 Water Resistance

The G128 Smart Watch has an IP67 waterproof rating. This means it can withstand daily activities such as washing hands, sweating, and splashes from rain. It is suitable for light water exposure.

- **Do NOT immerse in water:** Avoid prolonged submersion, swimming, or showering with the watch.
- **No Sauna:** Do not expose the watch to hot water, steam, or high humidity environments like saunas.

IP67 Waterproof

Can withstand washing hands and sweating, and can also cope with sudden rain and splashing water.

No Sauna

Do not immerse in water

Figure 5.1: IP67 Waterproof Rating Guidelines

5.2 Cleaning and Care

- Wipe the watch and strap regularly with a soft, dry cloth.
- If necessary, use a slightly damp cloth to clean, then dry thoroughly.
- Avoid using harsh chemicals, cleaning solvents, or strong detergents.
- Keep the charging contacts clean and dry to ensure proper charging.

6. TROUBLESHOOTING

If you encounter issues with your G128 Smart Watch, please refer to the following common solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect to the charger for at least 30 minutes.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone. Restart both the watch and phone. Make sure the Da Fit app is open and searching for devices. Forget the device in your phone's Bluetooth settings and try pairing again.
No notifications received	Check app notification permissions on your phone. Ensure the Da Fit app is running in the background. Disable 'Do Not Disturb' mode on both the watch and phone.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too loose or too tight. Clean the sensor on the back of the watch.
Short battery life	Reduce screen brightness. Turn off unnecessary features like continuous heart rate monitoring if not needed. Limit frequent screen wake-ups.

7. SPECIFICATIONS
