ganopterygon G128

ganopterygon G128 Smart Watch Instruction Manual

MODEL: G128

2.01" HD Touchscreen Fitness Watch with Bluetooth Calls, 120 Sports Modes, 24/7 Heart Rate & Sleep Monitor, IP68 Waterproof, iOS Android Compatible

Introduction

Thank you for choosing the ganopterygon G128 Smart Watch. This device is designed to enhance your daily life with its advanced features, including a vibrant 2.01-inch HD touchscreen, Bluetooth calling, comprehensive health monitoring, and a wide array of sports modes. This manual provides essential information for setting up, operating, and maintaining your smartwatch to ensure optimal performance and longevity. Please read it thoroughly before use.

What's in the Box

Your ganopterygon G128 Smart Watch package includes the following items:

- Smart Watch (G128)
- Magnetic Charging Cable
- User Manual
- Watch Band

Setup

1. Initial Charging

Before first use, ensure your smartwatch is fully charged. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included). A full charge typically takes approximately 2.5 hours.

Your browser does not support the video tag.

2. App Download and Pairing

To unlock all features and synchronize data, download the companion app. Scan the QR code displayed on the watch screen or in the user manual to find the correct app (e.g., Da Fit App). Once installed, enable Bluetooth on your smartphone, open the app, and follow the on-screen instructions to add and pair your G128 Smart Watch.

Operating Instructions

1. Display and Customization

The G128 Smart Watch features a vibrant 2.01-inch HD touchscreen. Swipe left/right or up/down to navigate through menus and features. Customize your watch face from over 100 options available in the app, or use your favorite photo for a personalized look.

Maintenance

1. Waterproof Rating

The G128 Smart Watch boasts an IP68 waterproof rating, meaning it can withstand splashes, sweat, and brief immersion in water. It is suitable for daily use, including hand washing and light rain. However, it is not recommended for hot water activities like showering or sauna, or for prolonged submersion.

2. Battery and Charging

The fitness watch features a low-power chipset and magnetic fast charging. A single charge provides up to 7 days of typical usage and 24 hours of usage from a 20-minute charge. To charge, align the magnetic pins of the charging cable with the charging points on the back of the watch.

Troubleshooting

- **Watch not turning on:** Ensure the watch is fully charged. Long-press the side button to power on.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again through the app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, with the sensors making good contact with your skin. Avoid excessive movement during measurements.
- **Notifications not received:** Check app settings to ensure notifications are enabled for desired applications. Verify that the watch is connected via Bluetooth.
- **Short battery life:** Reduce screen brightness, disable unnecessary features, and ensure regular charging.
