## 2. SAFETY INFORMATION

---

**Please read and understand all safety warnings before assembly and use.**

- Always unplug the vanity before assembly or disassembly.
- Be cautious of sharp edges and pinch points during assembly.
- Do not exceed the weight limit of the vanity top.
- Keep electrical components away from water.
- Always supervise children around the vanity.
- Ensure all connections are secure before use.
- Do not place hot items directly on the surface without protection.

## 3. SETUP AND ASSEMBLY

---

The CollaredEagle Vanity Desk is designed for straightforward assembly. Detailed instructions and all necessary tools are included in the package. Please follow these guidelines for a smooth setup process:

1. **Unpack and Organize:** Carefully unpack all components. It is recommended to separate and group similar parts (e.g., screws, panels) to make them easier to find during assembly.
2. **Review Instructions:** Before starting, thoroughly read the provided assembly instructions step-by-step. Familiarize yourself with the diagrams and part labels.
3. **Follow Numbered Steps:** Assemble the vanity by following the numbered steps in the instruction manual precisely. Do not skip steps or attempt to force parts together.
4. **Secure Connections:** Ensure all screws, bolts, and dowel pins are securely fastened. Avoid over-tightening to prevent damage to the engineered wood.
5. **Electrical Connections:** Once the main structure is assembled, connect the mirror lights and the power outlet unit according to the instructions. Ensure the vanity is unplugged during this step.

## 4.2. RGB Drawers

The two RGB drawers feature adjustable light strips with over 60,000 colors, dynamic modes, music sync, and mic mode, controllable via an app or remote.

- **Power On/Off:** Use the provided remote control or the dedicated mobile application to turn the RGB lights on or off.
- **Color Selection:** Select from over 60,000 colors using the app or remote.
- **Mode Selection:** Choose between dynamic modes, music synchronization, or mic mode for interactive lighting effects.
- **Brightness Adjustment:** Adjust the brightness of the RGB lights via the app or remote control.

## 4.3. Built-in Charging Station

The vanity desk includes a built-in charging station for convenience.

- **AC Outlets:** Two standard 125V/25A AC outlets are available for powering devices like hair dryers or curling irons.
- **USB Ports:** One 5V/2A USB-A port and one 5V/2A Type-C port are provided for charging mobile phones, tablets, and other electronic devices.
- **Usage:** Simply plug your devices into the appropriate ports. Ensure the vanity is connected to a power source.

## 5. MAINTENANCE

---

Proper care and maintenance will ensure the longevity and appearance of your vanity desk.

- **Cleaning Surfaces:** Wipe all surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Cleaning:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth to prevent streaks.
- **Dusting:** Regularly dust the vanity with a dry, soft cloth to prevent buildup.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Electrical Components:** Ensure all electrical connections are dry and free from dust. Do not spray liquids directly onto the power outlet or light fixtures.
- **Tighten Fasteners:** Periodically check and tighten any loose screws or fasteners to maintain stability.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your vanity desk, refer to the following common problems and solutions:

| Problem                                      | Possible Cause   | Solution   |
|--|--|--|
| Mirror lights not turning on                 | Power cord unplugged; faulty bulb; loose connection; power outage. | Ensure power cord is securely plugged in. Check if the outlet has power. Verify all light bulb connections. Replace faulty bulbs if necessary. |
| RGB drawer lights not working                | RGB strip unplugged; remote battery dead; app connection issue.    | Check the power connection for the RGB strips. Replace remote batteries. Re-pair the app with the RGB controller.                              |
| Charging station not providing power         | Vanity unplugged; circuit breaker tripped; device cable faulty.    | Ensure the vanity is plugged into a live outlet. Check your home's circuit breaker. Try a different charging cable or device.                  |
| Drawers are stiff or difficult to open/close | Misaligned drawer slides; debris in slides; over-tightened screws. | Check drawer slide alignment and clear any obstructions. Loosen screws slightly if they are too tight.   |
| Vanity feels wobbly                          | Loose fasteners; uneven floor.                                     | Tighten all assembly fasteners. Use furniture pads or shims under legs to level the vanity on uneven surfaces.                                 |
