5. Maintenance and Care

To maintain the appearance and longevity of your HOMCOM 3 Seater Sofa, follow these care instructions:

- **Regular Cleaning:** Vacuum the sofa regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. Use a mild fabric cleaner if necessary, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the fabric. Position the sofa away from direct sunlight or use curtains/blinds.
- **Fluff Cushions:** Regularly fluff and rotate seat and back cushions to maintain their shape and even out wear.

6. Troubleshooting

If you encounter any issues with your sofa, consider the following common solutions:

- **Squeaking Noises:** Check all assembly bolts and screws to ensure they are tightened securely. Loose connections can cause noise.
- **Uneven Cushions:** Regularly fluff and rotate cushions. If cushions appear permanently compressed, ensure they are correctly positioned on the frame.
- **Fabric Wear:** Ensure the sofa is not placed in high-traffic areas where constant friction could accelerate wear. Follow maintenance guidelines for cleaning.
