# Generic 001 Machine Clean Outdoor All-Purpose Cleaner Instruction Manual

Model: 001 | Brand: Generic

## 1. PRODUCT OVERVIEW

The Generic 001 Machine Clean Outdoor All-Purpose Cleaner is a heavy-duty cleaning solution designed for restoring and protecting the appearance of vehicles and machinery. It effectively tackles tough dirt, grime, brake dust, and road buildup on various surfaces, including car tires, rubber components, farm equipment, and off-road vehicles. This non-toxic formula cleans deeply, enhances shine, and helps protect against future wear and tear.

- ◆ Directed dissolution technology
- ◆ Invisible protective shield
- ◆ Suitable for all materials
- ◆ Non-corrosive formula

## 2. SAFETY INFORMATION

Please read and understand all safety information before using this product. Failure to follow these instructions may result in injury or damage.

- **Keep Out of Reach of Children and Pets:** Store the product in a secure location.
- **Eye Contact:** Avoid contact with eyes. In case of contact, rinse immediately with plenty of water for several minutes. If irritation persists, seek medical attention.
- **Skin Contact:** Prolonged or repeated skin contact may cause irritation. Wash hands thoroughly after handling. Use gloves if sensitive skin.
- **Ingestion:** Do not ingest. If swallowed, do not induce vomiting. Seek immediate medical attention.
- **Ventilation:** Use in a well-ventilated area.
- **Surface Compatibility:** While suitable for most wheel finishes, always test on an inconspicuous area first to ensure compatibility, especially on delicate or aftermarket finishes.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures.

# SAFE AND EFFECTIVE FORMULA

Suitable for exterior components and interior trim. The perfectly tuned formula makes it easier than ever to clean your engine, tires, carpets, truck bed and suspension parts!

## 3. PRODUCT FEATURES

The Machine Clean Outdoor All-Purpose Cleaner offers several key features for superior cleaning and protection:

- **Heavy-Duty Cleaning Power:** Engineered for deep and effective cleaning, tackling tough grime, brake dust, and road buildup on various vehicle types.
- **2-in-1 Formula: Cleans & Protects:** Combines a powerful cleaning agent with a high-performance wax coating, removing dirt and leaving a protective barrier for long-lasting shine.
- **Anti-Corrosion, Anti-Aging:** Compatible with all wheel materials and finishes, preventing corrosion on metal and rubber surfaces.
- **Quick Breakdown & Stain Reduction:** Rapidly dissolves brake dust and road grime, creating a protective layer to repel future stains.
- **Non-Toxic & Non-Corrosive:** Formulated to be safe for various surfaces and the environment.
- **Ready-to-Use:** No mixing required, making application convenient.

# MACHINE CLEAN

---

01

Deep-cleaning without acidic damage.

02

Non-foaming formula minimizes waste.

03

Ergonomic sprayer controls liquid flow.

04

Ready-to-use with no mixing required.

### 4. SETUP AND PREPARATION

1. **Ensure Surface is Cool:** For best results, ensure the surface to be cleaned (e.g., wheels, tires, equipment) is cool to the touch and out of direct sunlight.
2. **Shake Bottle:** Shake the product bottle gently before use to ensure the formula is well-mixed.
3. **Test Spot:** Always perform a test on an inconspicuous area first, especially on painted surfaces, chrome, or polished aluminum, to confirm compatibility and prevent potential damage.
4. **Wear Protective Gear:** It is recommended to wear protective gloves and eye protection during application.

### 5. OPERATING INSTRUCTIONS

Follow these steps for effective cleaning:

1. **Spray Application:** Liberally spray the Machine Clean solution directly onto the dirty surface. Ensure complete coverage of the area.
2. **Allow to Dwell:** Let the cleaner dwell on the surface for 1-2 minutes. Do not allow the product to dry on the surface. For heavily soiled areas, a longer dwell time (up to 5 minutes) may be beneficial.

3. **Agitate (Optional for Heavy Grime):** For stubborn dirt, brake dust, or caked-on grime, gently agitate the surface with a soft brush or sponge.
4. **Rinse Thoroughly:** Rinse the treated area thoroughly with a strong stream of water, ensuring all product residue and loosened dirt are washed away.
5. **Dry:** For a spot-free finish, dry the surface with a clean microfiber towel or allow it to air dry.

## 6. MAINTENANCE

Regular use of Machine Clean helps maintain the appearance and longevity of your vehicle's wheels and other outdoor equipment. The protective layer left by the cleaner makes future cleaning easier and helps repel new dirt and grime.

- **Routine Cleaning:** For best results, incorporate Machine Clean into your regular vehicle washing

routine.

- **Storage:** Ensure the product bottle is tightly capped after use and stored as per safety guidelines.

## 7. TROUBLESHOOTING

- **Problem:** Cleaner is not effectively removing stubborn stains.  
**Solution:** Ensure the surface is cool and dry before application. Allow the product to dwell for a longer period (up to 5 minutes) and use a soft brush to agitate the stubborn areas before rinsing.
- **Problem:** Streaks or residue remain after rinsing.  
**Solution:** Ensure thorough rinsing with a strong stream of water. Do not let the product dry on the surface. If streaks persist, re-rinse and dry immediately with a clean microfiber towel.
- **Problem:** Product is not spraying correctly.  
**Solution:** Check the sprayer nozzle for any blockages. Ensure the bottle is upright during use.

## 8. SPECIFICATIONS

Product Name	13 Supplies Machine Clean Outdoor All-Purpose Cleaner
Brand	Generic
Model Number	001
Volume	120ml / 4oz (per bottle)
Item Form	Liquid Spray
