brotect Maoo VT.11

brotect AirGlass Screen Protector for Maoo VT.11

Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the installation, use, and maintenance of your brotect AirGlass Hybrid-Glass Screen Protector, designed specifically for the Maoo VT.11 device. The brotect AirGlass offers advanced screen protection with its unique hybrid-glass composition, combining the flexibility of film with the hardness of glass.

2. WHAT'S IN THE BOX

Each package of the brotect AirGlass Screen Protector for Maoo VT.11 contains the following items:

- 6x BROTECT AirGlass Glass Screen Protector compatible with Maoo VT.11

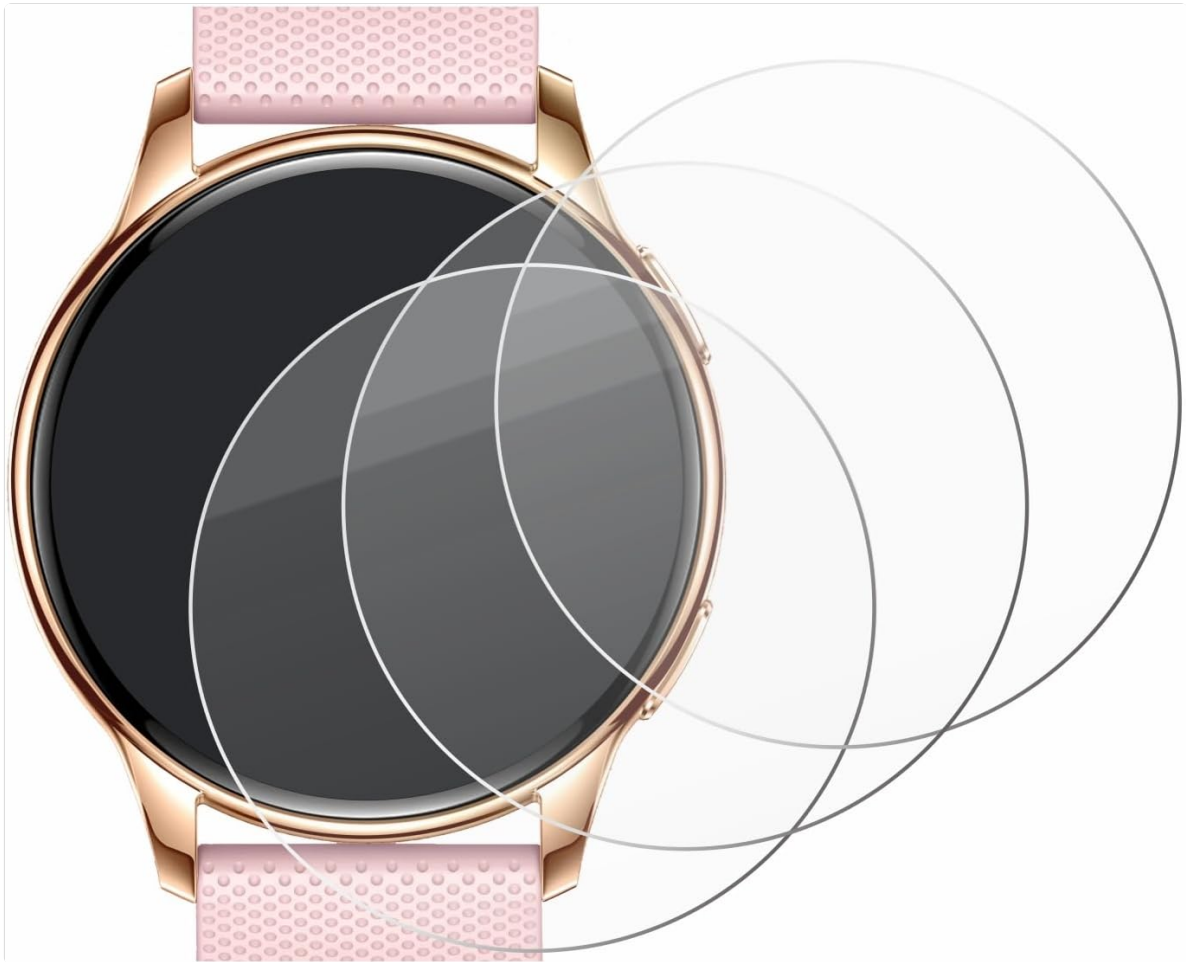

Image: A close-up of a smartwatch with several transparent screen protector outlines overlaid, illustrating the multi-pack quantity.

3. SETUP (INSTALLATION GUIDE)

Follow these steps carefully to ensure a bubble-free and secure installation of your protect AirGlass Screen Protector.

1. **Preparation:** Before installation, locate a dust-free area. Thoroughly clean the screen of your Maoo VT.11 device to remove any dust, dirt, or fingerprints. Use a microfiber cloth for best results.
2. **Initial Placement:** Carefully peel back half of the protective film from the screen protector. Align the exposed adhesive side of the screen protector precisely with one edge of your device's screen. Ensure it is centered and straight.
3. **Application:** Once aligned, slowly lower the screen protector onto the device. Use a credit card or a similar flat, soft object to gently smooth the screen protector from the aligned edge towards the opposite side, pushing out any air bubbles as you go. Simultaneously, peel off the remaining protective film from underneath.
4. **Final Touches:** After the screen protector is fully applied, use the credit card again to gently push any remaining small air bubbles towards the edges of the screen until they disappear.

Anbringungsanleitung

Instructions

1.

Nutze zur Montage einen staubarmen Ort (z.B. Badezimmer) und reinige das Display gründlich von Staub und Verschmutzungen.

Before assembling, locate a dust free area (e.g. bathroom) and carefully remove any dust or dirt from the display.

2.

Löse das Trägermaterial zur Hälfte von der Displayschutzfolie ab und setze die Displayschutzfolie an einer Seite auf dem Display an. Die Displayschutzfolie sollte in aufgezogenem Zustand mittig auf dem Display ausgerichtet sein.

Remove half of the thin cover film of the screen protector and align the screen protector on one side with your screen. Make sure that the screen protector will be centered on the middle of your screen.

3.

Streiche die Displayschutzfolie leicht mittels einer mit einem weichen Tuch umwickelten Kreditkarte von einer Seite zur anderen auf das Display. Ziehe dabei gleichzeitig den Rest des Trägermaterials ab.

Cover a credit card with a soft cloth and carefully slide over the screen protector from one side to the other on your screen, enabling you to remove the rest of the thin cover film.

4.

Eventuell vorhandene Lufteinschlüsse herausstreichen - fertig!

Smooth out any remaining air bubbles with your credit card. It's that easy!

4. OPERATING CHARACTERISTICS

The protect AirGlass Screen Protector is designed to enhance your Maoo VT.11 experience without compromising functionality. Its key characteristics include:

- **9H Extreme Hardness:** Provides robust protection against scratches and impacts, similar to traditional tempered glass.
- **Ultra-Light and Thin:** At 2x thinner than standard tempered glass, it maintains the sleek profile of your device.
- **High Transparency:** Ensures a clear and sharp view of your screen content with no distortion.
- **Anti-Fingerprint Layer:** Reduces smudges and fingerprints, keeping your screen cleaner.
- **Touch Sensitivity:** Maintains the original touch responsiveness of your device's screen.

5. MAINTENANCE

To maintain the clarity and effectiveness of your brotect AirGlass Screen Protector, follow these simple cleaning guidelines:

- Use a soft, lint-free microfiber cloth to gently wipe the screen protector.
- For stubborn smudges, lightly dampen the cloth with water or a screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.
- Do not apply excessive pressure when cleaning, as this could potentially dislodge the protector or damage the device screen.

6. TROUBLESHOOTING

If you encounter any issues during or after installation, consider the following common solutions:

- **Bubbles:** Most small bubbles will dissipate within 24-48 hours. For larger bubbles, gently lift the nearest edge of the screen protector and re-apply, using a credit card to push the air out.
- **Dust Particles:** If dust is trapped under the protector, carefully lift the nearest edge and use a

dust-removal sticker or tape to lift the particle. Re-apply the protector.

- **Misalignment:** If the protector is significantly misaligned, it may be necessary to remove it and re-apply a new one from the pack, ensuring careful alignment from the start.

7. SPECIFICATIONS

Feature	Detail
Brand	brotect
Compatible Devices	Maoo VT.11
Material	Hybrid-Glass (AirGlass)
Hardness	9H Extreme Hardness
Special Features	Anti-Fingerprint, High-Transparency, Ultra-Light, Flexible
