EMPIRE GAMING RF908

EMPIRE GAMING RF908 Wireless Gaming Mouse Instruction Manual

Model: RF908
Brand: EMPIRE GAMING

1. INTRODUCTION

The EMPIRE GAMING RF908 is a versatile rechargeable wireless gaming mouse designed for performance and comfort. It features a 10,000 DPI adjustable sensor, 8 programmable buttons, and offers three connection modes: 2.4GHz WiFi, Bluetooth, and wired via USB-C. The mouse includes an RGB magnetic charging station for convenient power management and customizable RGB lighting. It is compatible with PC, Mac, and various consoles.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- RF908 Wireless Mouse
- Magnetic Charging Station
- USB-C Cable
- 2.4GHz USB Receiver
- User Manual

4. SETUP

4.1 Initial Charging

Before first use, fully charge the RF908 mouse. Connect the USB-C cable to the magnetic charging station and a power source (e.g., computer USB port or USB wall adapter). Place the mouse onto the magnetic charging station. The RGB lighting on the mouse and station will indicate charging status. Alternatively, connect the USB-C cable directly to the mouse for charging.

4.2 Connecting the Mouse

The RF908 mouse supports three connection modes:

4.2.1 2.4GHz Wireless Mode

1. Locate the 2.4GHz USB receiver stored in the bottom compartment of the mouse.
2. Plug the USB receiver into an available USB port on your computer or console.
3. Turn on the mouse using the ON/OFF switch on the bottom.
4. Press the mode selection button on the bottom of the mouse until the indicator light shows 2.4GHz mode (usually green).
5. The mouse should automatically connect.

4.2.2 Bluetooth Mode

1. Turn on the mouse using the ON/OFF switch.
2. Press the mode selection button on the bottom of the mouse until the indicator light shows Bluetooth mode (usually blue).
3. On your device (PC, Mac, smartphone, tablet), go to Bluetooth settings and search for new devices.
4. Select "RF908" from the list of available devices to pair.

4.2.3 Wired Mode

1. Connect the USB-C cable to the front port of the mouse.
2. Connect the other end of the USB-C cable to an available USB port on your computer or console.
3. The mouse will automatically switch to wired mode and begin charging.

5. OPERATING INSTRUCTIONS

5.1 DPI Adjustment

The mouse features an adjustable sensor with up to 10,000 DPI. Use the dedicated DPI cycle button (typically located behind the scroll wheel) to cycle through preset DPI levels. The RGB lighting may change to indicate the current DPI setting.

5.2 Programmable Buttons

The RF908 mouse has 8 programmable buttons. These buttons can be customized using the dedicated software available for download from the official EMPIRE GAMING website. The software allows you to assign macros, key functions, and other commands to each button.

5.3 RGB Lighting Customization

The mouse features dynamic RGB backlighting. The lighting effects, colors, and brightness can be customized through the EMPIRE GAMING software. This allows for personalization to match your gaming setup.

5.4 Software Installation

To unlock the full customization potential of your RF908 mouse, download and install the dedicated software from the official EMPIRE GAMING website. The software allows for:

- Configuring programmable buttons.
- Adjusting DPI profiles.
- Customizing RGB backlight effects.

Visit www.empiregaming.com/support (example link, please refer to actual product documentation for correct URL) for software downloads and updates.

6. MAINTENANCE

6.1 Cleaning

To clean the mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no liquid enters the mouse. Avoid using harsh chemicals or abrasive materials.

6.2 Battery Care

The RF908 mouse has a built-in rechargeable Lithium Ion battery. To prolong battery life:

- Avoid fully discharging the battery frequently.
- Store the mouse in a cool, dry place when not in use for extended periods.
- Charge the mouse regularly, especially if it has been unused for a long time.

7. TROUBLESHOOTING

7.1 Mouse Not Responding

- Ensure the mouse is turned ON.
- Check battery level and charge if necessary.
- For 2.4GHz mode, ensure the USB receiver is securely plugged in and the mouse is set to 2.4GHz mode. Try a different USB port.
- For Bluetooth mode, ensure Bluetooth is enabled on your device and the mouse is paired. Try re-pairing.
- For wired mode, ensure the USB-C cable is securely connected to both the mouse and the device.
- Try restarting your computer/device.

7.2 Lag or Disconnections

- Ensure the mouse is within range of the USB receiver (for 2.4GHz) or your Bluetooth device.
- Minimize interference from other wireless devices (e.g., Wi-Fi routers, cordless phones).
- Ensure the mouse is fully charged.
- Update mouse drivers or software if available.

7.3 Charging Issues

- Ensure the USB-C cable is properly connected to both the charging station/mouse and the power source.
- Verify the power source is active.
- Clean the charging contacts on both the mouse and the charging station.
- Try a different USB-C cable or power adapter.

8. SPECIFICATIONS

Feature	Detail
Model Name	RF908
Connectivity Technology	2.4GHz WiFi, Bluetooth, USB-C (Wired)
Movement Detection Technology	Optical
DPI Sensitivity	Up to 10,000 DPI (Adjustable)

Programmable Buttons	8
Polling Rate	1000Hz
Battery Type	Lithium Ion (Rechargeable)
Battery Life	Up to 70 hours (approx.)
Special Features	RGB Lighting, Magnetic Charging Station, Soundless, Ergonomic Design
Compatible Devices	PC, Mac, Gaming Consoles, Smartphone, Tablet
Material	Plastic, Metal
Item Weight	220 g
Package Dimensions	19 x 13.5 x 5.4 cm
