Sluban M38-B1273

Sluban M38-B1273 Military Fighter Aircraft Model Instruction Manual

Model: M38-B1273 | Brand: Sluban

1. Introduction

1.1 Product Overview

Thank you for choosing the Sluban M38-B1273 Military Fighter Aircraft Model building block set. This set allows you to construct a detailed replica of a modern fighter jet, complete with movable parts and realistic features. Designed for enthusiasts of aviation and model building, this kit offers an engaging assembly experience and results in an impressive display piece.

1.2 Safety Information

WARNING: Not suitable for children under 7 years due to small parts which may present a choking hazard. Adult supervision is recommended during assembly and play for younger users within the recommended age range. Please keep all packaging materials away from children. Ensure all components are handled carefully to prevent damage or injury.

2. Package Contents

The Sluban M38-B1273 set includes all necessary building blocks to construct the military fighter aircraft model. Additionally, the package contains:

- Building blocks for the fighter aircraft model
- Two (2) detailed pilot figures in blue uniforms
- One (1) green crocodile figure accessory
- Instruction manual (this document)

3. Assembly Instructions

Follow the step-by-step pictorial instructions provided in the separate assembly booklet included in your package. This section provides general guidance for a smooth building process.

3.1 Preparation

1. Unpack all components and verify against the parts list in the assembly booklet.
2. Organize blocks by color and size to facilitate easier identification during assembly.
3. Ensure you have a clean, well-lit, and spacious work area.

3.2 Building the Model

The assembly process involves connecting the building blocks according to the detailed diagrams. Pay close attention to the orientation of each piece.

- Begin with the main fuselage structure as indicated in the instructions.
- Attach the wings, tail fins, and engines, ensuring all connections are secure.
- Assemble the cockpit and place the pilot figures inside.
- Integrate any movable parts, such as landing gear or control surfaces, as per the instructions.
- Finally, assemble the display stand if included and mount the finished aircraft.

4. Operation and Play

Once assembled, the Sluban M38-B1273 model offers dynamic play and realistic presentation. The model features movable parts designed to enhance interaction and display.

- **Movable Control Surfaces:** Gently adjust the wings and tail fins to simulate flight maneuvers.
- **Retractable Landing Gear:** If applicable to your model, the landing gear can be extended for display or retracted for flight simulation.
- **Cockpit Access:** The cockpit canopy may open to allow placement or removal of the pilot figures.

Handle the model with care, especially when manipulating movable parts, to prevent accidental detachment of blocks.

5. Care and Maintenance

Proper care will ensure the longevity and appearance of your Sluban M38-B1273 model.

5.1 Cleaning

- To clean the model, gently wipe it with a soft, dry cloth.
- For stubborn dust, a slightly damp cloth can be used, followed immediately by a dry cloth.
- Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the plastic blocks or printed details.

5.2 Storage

- Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic.
- If disassembling for storage, keep all blocks in a sealed container to prevent loss.

6. Troubleshooting

Most issues with building block sets are related to assembly errors or missing parts.

6.1 Missing or Damaged Parts

- Carefully check all packaging materials to ensure no small parts were overlooked.
- Refer to the parts list in the assembly booklet to confirm all components are present.
- If parts are genuinely missing or damaged, please contact Sluban customer support (see Section 7).

6.2 Assembly Difficulties

- Double-check the assembly instructions for the specific step causing difficulty. Ensure the correct blocks are being used and their orientation is accurate.
- Sometimes, a block may require a firm push to connect properly.
- If a section feels unstable, retrace your steps to ensure all previous connections are secure.

7. Specifications

Feature	Detail
Brand	Sluban
Model Number	M38-B1273 (also M38-114514)
Model Name	J-15 Fighter Jet
Assembled Model Dimensions (Approx.)	48.3 cm (Length) x 17.1 cm (Height)
Material	Plastic
Number of Pieces	317
Recommended Age Range	7-13 years
Color	Gray
Special Features	Detailed Exterior, Movable Parts
