GUESS Naska Pump gwNASKA2

GUESS Women's Naska Pump Instruction Manual

Model: gwNASKA2

1. INTRODUCTION

This instruction manual provides essential information for the proper use, care, and maintenance of your GUESS Women's Naska Pump. Please read this manual thoroughly to ensure optimal comfort and longevity of your footwear.

2. PRODUCT OVERVIEW

The GUESS Naska Pump is a stylish women's slingback shoe featuring a pointed toe and a classic design. It is accented with a decorative chain and GUESS charms, adding a unique touch to the footwear.

- **Pointy Toe and Buckle Closure:** Designed for a secure and elegant fit.
- **Faux Patent Leather Upper:** Provides a sleek, polished appearance.
- **3.35" Heel Height:** Offers a sophisticated lift.

Figure 2.3: Side view of the GUESS Naska Pump, showing the heel and slingback strap.

3. SETUP

Upon receiving your GUESS Naska Pumps, carefully remove them from their packaging. Before wearing them for an extended period, try them on to ensure a comfortable fit. The slingback strap features a buckle closure for adjustable fit around the ankle.

1. Unpack the shoes and remove any protective materials.
2. Loosen the buckle on the slingback strap.
3. Slide your foot into the pump, ensuring your heel is positioned correctly.
4. Adjust the slingback strap to a comfortable tension and secure the buckle. The strap should be snug but not restrictive.

4. OPERATING INSTRUCTIONS

To wear the Naska Pump, slide your foot into the shoe, ensuring your heel rests comfortably against the back. Adjust the slingback strap using the buckle to secure the shoe firmly but comfortably around your ankle. The pointed toe design is intended for a snug fit. Walk on a clean, dry surface initially to assess comfort and stability.

5. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your GUESS Naska Pumps.

5.1. Cleaning

- **Faux Patent Leather Upper:** Gently wipe the surface with a soft, damp cloth to remove dust and dirt. For stubborn marks, use a mild soap solution and a soft cloth, then wipe clean with a separate damp cloth and dry immediately. Avoid harsh chemicals or abrasive cleaners, as these can damage the patent finish.
- **Sole Material (Ethylene Vinyl Acetate):** Can be cleaned with a damp cloth.
- **Decorative Chain and Charms:** Use a dry, soft cloth to gently polish and remove any dust. Avoid exposure to water, perfumes, or lotions which can cause tarnishing.

5.2. Storage

Store your pumps in a cool, dry place away from direct sunlight and extreme temperatures. Use shoe trees or stuff the toes with tissue paper to help maintain their shape. Keep them in their original box or a breathable shoe bag to protect them from dust and scratches.

Figure 5.2: View of the sole of the GUESS Naska Pump, indicating material and branding.

6. TROUBLESHOOTING

Issue	Possible Cause / Solution
Uncomfortable Fit	Ensure the slingback strap is adjusted correctly. If the shoe feels too tight, consider wearing them for short periods initially to allow them to conform to your foot. If discomfort persists, verify the size against the provided size guide.
Scratches or Scuffs on Patent Leather	Minor scuffs on patent leather can sometimes be buffed out with a soft cloth and a small amount of patent leather cleaner. For deeper scratches, professional repair may be necessary.
Charms or Chain Discoloration	Gently clean the metal charms and chain with a dry, soft jewelry polishing cloth. Avoid exposure to water, perfumes, or lotions which can cause tarnishing.
