

PN101

# Pinnacle Cap PN101 User Manual

Model: PN101

## 1. PRODUCT OVERVIEW

The Pinnacle Cap PN101 is a 6-panel, low-profile, unstructured cap designed for comfortable wear. It features a true color khaki shade and a convenient Cloth Tie back closure for adjustable sizing. Constructed from 100% cotton twill, this cap is enzyme washed for a soft feel and includes a matching color Cool Crown mesh lining inside the crown for breathability.

## 2. SETUP AND ADJUSTMENT

The Pinnacle Cap PN101 is designed for immediate use. No assembly is required. To ensure a comfortable and secure fit, adjust the Cloth Tie closure located at the back of the cap.

1. **Unfasten the Closure:** Gently separate the hook and loop sections of the Cloth Tie closure at the back of the cap.

- Adjust Size:** Place the cap on your head. Pull the strap through the buckle or ring to tighten or loosen the fit until it feels snug but not restrictive.
- Secure the Closure:** Press the hook and loop sections firmly together to secure the adjusted size. Ensure the excess strap is neatly tucked away or lies flat.

### 3. OPERATING INSTRUCTIONS

---

The Pinnacle Cap PN101 is intended for headwear. It provides sun protection and can be worn for various casual activities. Ensure the cap is adjusted properly for comfort and to prevent it from falling off during movement.

- Wearing:** Position the cap on your head with the brim facing forward. Adjust the fit using the Cloth Tie closure as described in the "Setup and Adjustment" section.
- Storage:** When not in use, store the cap in a cool, dry place away from direct sunlight to prevent fading and maintain its shape. Avoid crushing or folding the cap excessively.

### 4. MAINTENANCE AND CARE

---

Proper care will extend the life and appearance of your Pinnacle Cap PN101. Follow these guidelines for cleaning:

- Spot Cleaning:** For minor stains, use a damp cloth with mild soap. Gently blot the stained area. Do not rub vigorously, as this may damage the fabric or color.
- Hand Washing:** For a more thorough cleaning, hand wash the cap in cool water with a mild detergent. Submerge the cap and gently agitate. Avoid twisting or wringing the cap, which can distort its shape.
- Rinsing:** Rinse thoroughly with cool, clean water until all soap residue is removed.
- Drying:** Reshape the cap and air dry it on a clean, dry surface or a cap form. Avoid direct heat or sunlight during drying, as this can cause shrinkage or fading. Do not tumble dry.
- Ironing:** Do not iron.

### 5. TROUBLESHOOTING

---

This section addresses common concerns you might encounter with your Pinnacle Cap PN101.

Issue	Possible Cause	Solution
Cap feels too tight or too loose.	Improper adjustment of the Cloth Tie closure.	Readjust the Cloth Tie closure at the back of the cap until a comfortable fit is achieved. Refer to Section 2.
Cap loses shape after washing.	Improper washing or drying method.	Ensure to hand wash gently and air dry on a cap form or flat surface. Avoid wringing or machine drying. Refer to Section 4.
Color fading.	Prolonged exposure to direct sunlight or harsh detergents.	Store the cap away from direct sunlight when not in use. Use mild detergents for cleaning.
